Application for Residence Homestead Exemption

Property Tax
Form 50-114

Appraisal District's Name

Phone (area code and number)

Appraisal District Address, City, State, ZIP Code

Website address (if available)

This homestead must be filed with the appraisal district office in the county in which your property is located. The law requires the chief appraiser of the appraisal district to file this homestead with the office of the Texas Comptroller of Public Accounts. Location and address information for the appraisal district office in your county may be found at comptroller.texas.gov/propertytaxes/homestead/directory.html.

GENERAL INSTRUCTIONS: This application is for use in claiming additional homestead exemptions pursuant to Tax Code sections 11.13, 11.131, 11.132, 11.134 and 11.432. The instructions apply only to property that you own and occupy as your principal place of residence.

WHERE TO FILE: This document, and all supporting documentation, must be filed with the appraisal district in the county in which your property is located. Location and address information for the appraisal district office in your county may be found at comptroller.texas.gov/propertytaxes/homestead/directory.html.

APPLICATION DEADLINES: You are to file the completed application with all required documentation beginning Jan. 1 and no later than April 30 of the year for which you are requesting an exemption. If you qualify for the age 65 or older or disabled persons exemption or the exemption for donated homestead of partially disabled veterans, you are to apply for the exemption no later than the first anniversary of the date you qualify for the exemption.

Pursuant to Tax Code Section 11.431 you may file a late application for a additional homestead exemption, including an exemption under Tax Code Sections 11.131, 11.132 and 11.134, after the deadline for filing has passed if it is filed not later than one year after the delinquency date for the taxes on the homestead.

DUTY TO NOTIFY: If the chief appraiser grants the exemption(s), you do not need to reapply annually. You must promptly if the chief appraiser requires you to do so, or if you want the exemption to apply to property not shown in this application. You must notify the chief appraiser in writing before May 1 of the year after your right to this exemption ends.

OTHER IMPORTANT INFORMATION

Pursuant to Tax Code Section 11.45, after considering this homestead and all relevant information, the chief appraiser may request additional information from you. You must provide the additional information within 30 days of the request or the homestead is denied. For good cause shown, the chief appraiser may extend the deadline for furnishing the additional information by written order for a single interval not to exceed 15 days.

June 11 2012

Dear Parents/Guardians of students that participated on the Los Angeles/Anaheim Music Tour

Firstly I would like to thank you for supporting your students in the participation of the Los Angeles/Anaheim Music Tour this year. The students on the tour had a tremendous experience and they represented the Western Canada High School Music Program at its very finest. We as a teaching team are extremely proud of them.

We are wrapping up the accounting details from the tour and I am pleased to inform you that we will be able to refund between $35 and $45, depending on the final number crunching, to each tour participant.

We would like to give you the opportunity to donate this refund to the Western Canada High School Music Program. The donated funds will be used to continue to work towards the replacement of much needed music equipment/instruments for the program.

Please indicate below which option you would like and return this form to Ms. Vanderlinden in the business office by the **end of the day on June 29th, 2012.** A cheque will be generated and mailed to your current mailing address.

1) Please donate to Western Canada High School's Music Program

snickerdoodle blondies

[illegible] [illegible]

Prep time: 15 mins Cook time: 25 mins

[illegible]

Cookies:
2 ½ cups all-purpose flour
2 tsp. cream of tartar
1 ½ teaspoons ground cinnamon
1 cup (2 sticks) unsalted butter, softened
1 ½ teaspoons vanilla extract
1 cup granulated sugar
1 cup packed brown sugar
2 large eggs, at room temperature

Topping:
2 tablespoons granulated white sugar
1 ½ teaspoons ground cinnamon
pinch of nutmeg

Glaze, optional:
1 cup powdered sugar, sifted
1 tablespoon milk
½ teaspoon vanilla extract

directions

1. Preheat oven to 350 degrees F. Spray pan with nonstick cooking spray. Line pan with parchment and let it hang over the sides. Spray parchment with nonstick cooking spray.

2. In a medium bowl, whisk together flour, baking powder, cinnamon, nutmeg, cream of tartar and salt; set aside.

3. In a large bowl, cream together butter and brown sugar with an electric mixer fitted with paddle attachment. Add eggs, one at a time, then vanilla. Begin adding flour mixture ½ cup at a time.

4. Stir in flour mixture until just blended. Do not overmix. Stir in chocolate chips.

5. Combine the topping ingredients in a small bowl. Sprinkle evenly on top of batter.

6. Bake 25 to 28 minutes or until center is just set. Do not overbake. Let cool completely.

7. When ready to serve, melt butter in saucepan over low heat. Remove from heat and stir in powdered sugar, milk and vanilla. Add more milk if glaze is too thick. Drizzle glaze over bars. Let glaze set before cutting into bars.

tips

*You don't have to use parchment paper in your pan if you don't have any. You can always just bake them in the pan and then cut them and lift them out. Just spray parchment paper with cooking spray so you do not end up with the edges of the blondies because parchment can stick to the edges of the pan and not be directly on a cutting board.
*This is very sweet. I would not add a glaze. But, it does add a good flavor on the top (and you can pick it out and eat it). The glaze will harden a bit as it sets. If you don't like the glaze on the blondies, you can always drizzle any leftover glaze on whatever dessert you would like.
*If you have cravings, which I do, eat any sugar and fat in the day but for some reason.

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy, — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a larger version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet. Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device, bypassing any home wiring
- If using an All-In-One device, temporarily disconnect device from PC

Get Connected Setup Instructions for Windows -Students Only-

Please note: this process can take anywhere from 15 - 60 minutes or more to complete
These instructions assume you are on campus and include setting up IU Secure.
To run Get Connected at home, go to http://getconnected.iu.edu and start from step 12.
Once on campus, complete steps 1-11.

For Windows 8.. Follow these instructions on the desktop. If you are on the Start Menu screen, be sure to click the Desktop tile

1. Go to the **Notification area** in the lower right corner of your PC screen and *click* on **the Wireless Network Connections** icon
2. Select **IU Secure** and *click* on **Connect.**
   - A box stating **"The connection attempt could not be completed"** may appear. *Click* **Connect** if this happens
3. *Enter* your **IUN Username and Passphrase** when prompted. You may have to enter it multiple times.
4. **If you cannot connect,** *restart* your laptop and try again.
5. A prompt stating **"Additional log on information may be required"** may appear. click on it before it disappears to register your laptop. If this does not appear, *open* a web browser and go to **https://iu.edu** to register your laptop
6. *Read* the information on the registration page, and then *click* **Continue**
7. **Log in** with your **IUN Username and Passphrase,** then click **OK.**
8. *Click* the link that says **Download Get Connected**
9. **Download** and **Run the installation file**
   - **For Windows 8** Windows SmartScreen may display a message stating that it cannot be reached and is unable to decide if this app is okay to run. Click on **Run Anyway**
10. **Click Install,** wait for the program to initialize and make needed changes
11. Click **Start** and when prompted, enter your **IUN Username and Passphrase** to log in
12. Read the information about the agreement and check the box when ready
13. *Click* **Start** to begin the installation process for Get Connected

Updating the Magellan Maestro 4050 to software version 2.62 or 3.61

Note: This update will make the most recent software in your Magellan Maestro 4050. The software will be saved to the hard disk drive automatically if dialed on the area where it is saved by "installing" your receiver.

The guide will help you upgrade your Magellan Maestro 4050 with the most recent software. Go through the steps in order, especially those highlighted as you need before starting an upgrade process.

- Magellan Maestro 4050 receiver with a fully charged battery
- PC with Windows XP Home Windows Vista Home Basic 32 bit, or Windows Vista Home Premium (32 bit) operating system
- USB cable

The process for you to upgrade the software release by PC involves allowing the executable (.exe file).

Before starting:

Do not connect your Magellan Maestro 4050 to the USB port of your computer until instructed to do so.

1. The battery of your Magellan Maestro 4050 is fully charged or is plugging the AC/DC Note: It is necessary to use a supplied by Magellan battery with your receiver. Using an alternative battery or optional AC power adapter. Check System Settings on the display and adjust to ensure not to factory default changes.
2. Close all other applications on your PC. The installer may close several applications to ensure that your system may. This will enable the upgrade process to complete correctly and efficiently.
3. Do not connect your Magellan Maestro 4050 to your PC until instructed to do so by the Update Wizard.
4. The Update Wizard will automatically download and install them from the Internet to your PC
5. Disconnect all Magellan PC devices from the USB ports on your PC

Update process. Please print these instructions

1. Download the file Maestro_4050_Release_2_62_to_3_61_Rel.zip and save it to your desktop.
2. Unzip the file and open the folder Magellan_Maestro_4050_Series_2_62_or_3_61_Rel
3. Double click the Maestro_4050_Series_2_62_or_3_61_Rel.exe file.

4. Click Next on the Welcome screen
5. Read the Attention screen and press Next.

6. Power on your Magellan Maestro and access the Main screen

CONVERTING ZULU TIME TO LOCAL TIME

NOAA satellites use Zulu Time or Coordinated Universal Time (UTC) as their time reference. The satellite images that appear on NOAA's Web sites are stamped in Zulu time.

To make the conversion to your local time, see the chart below. Find your local time in the first column. If you are on Eastern Daylight Saving Time (EDT), you would use the second column to find your Zulu Time/UTC. For instance, if it's 11 a.m. Eastern Daylight Saving Time in Washington, D.C., it's 1500 hours in Zulu time/UTC. See legend below.

Pair Your Remote for Voice Control

Use Voice Control to search for networks and shows. Set Wifi so others will get recommendations. See Step 5 of these go. de for examples.

Follow the on-screen instructions to enter the **3-digit code** that appears.

Once the code is correctly entered, your XFINITY Remote is paired with the device.

If it won't pair: Make sure the battery cover on your remote is removed, your TV is on, and you are entering the correct **3-digit code** on your TV screen.

Need to remove Auto Anywhere codes? Press and hold the Settings button on the remote for 10 seconds. Release when the LED blinks green twice. Then, enter the 3-digit code for Auto Anywhere.

Support Schedule for Section 170(b)(1)(A)(vi) and 170(b)(1)(A)(ai) Organizations (Schedule A, Part II)

Line 1 The total of gifts grants contributions and membership fees generally equals the total reported in Form 990 Part VIII line 1h (for Form 990-EZ sum of lines 1 and 3) For any given year however the actual amounts included in Schedule A Part I and Form 990 Part VIII may not be the same One reason is that all gifts received by an organization (other than those representing payment for services received) are reported on Part VIII line 1 of Form 990 (or line 1 of Form 990-EZ) On Schedule A however gifts and grants that qualify as unusual are not reported on line 1 of Part II Instead these should be summarized in a worksheet for the files Statement 5414 can be used for this purpose See Key issue 19H for a discussion of unusual gifts and grants Report unusual grants on Part IV Schedule A Indicating the date amount and a description of the grant Do not include donor-identifying information since this is a publicly disclosed document

Preparation Pointer If the organization used the cash method of accounting for the applicable year show only the amounts actually received during that year If the accrual method was used then show only the amounts accrued for the year

Caution. The value of the contributed use of property by a governmental entity may be includible on line 3 as discussed later in this key issue However it is unclear whether the value of such contributions by other persons can be included on line 1 Neither the instructions to Schedule A Part I nor the regulations discuss this issue In no event are the value of these contributions includible in gifts for the Section 561(a)(2) limit in Schedule A Part III [Reg 1 509(a)-3(h)(2)] as discussed in Key Issue 6C

Preparation Pointer If a contribution is reported on line 1 but not recorded as revenue or an asset in Form 990 Part VI or Part X (or an Form 990-EZ) respectively explain the reason in Schedule A Part IV For example a community foundation that receives and holds a cash transfer for another exempt organization reports such contribution on line 1 but does not report it as revenue on Form 990 Part VIII or include it in assets on Form 990 Part X

Payments for Services If a grant is a payment for services rather than a contribution (i e the grantor receives a direct benefit from the organization in return for making the grant) it is reported as program service revenue on line 2 in Form 990 Part VIII (or on line 2 of Form 990-EZ) and on line 12 in Schedule A Part I [Reg 1 509(a) 3(g)(2)]

Membership Fees The nature of any membership fees received by the organization must be analyzed to determine the proper line of Part II on which to report them Report fees that were made to the basic purpose of providing support to the organization on line 1 Report fees that were payments to purchase admissions merchandise services or the use of facilities in a related activity on line 12 or on line 6 if such purchase related to an unrelated business activity [see Temp Reg 17CA-5T(f)(7)(iv)]

Line 2 Report tax levies whether or not the organization includes the amount as revenue on its financial statements

Line 3 Do not include the value of any services or facilities that are generally furnished free to the public Otherwise report the value of governmental donated services or facilities even though such value is not reflected as revenue in Form 990 For example include the fair rental value of office space furnished without charge to the organization by a governmental unit but only if the governmental unit does not generally furnish similar office space free to the public

Creamy Frozen Fruit Cups

1 pkg. (8 oz.) cream cheese, softened
⅓ cup sugar
1 jar (10 oz) maraschino cherries, drained
1 can (11 oz) mandarin oranges, drained
1 can (8 oz) crushed pineapple, drained
½ cup chopped pecans
1 carton (8 oz) frozen whipped topping, thawed
Fresh mint, optional

In a mixing bowl, beat the cream cheese and sugar until fluffy. Halve 9 cherries; chop the remaining cherries. Set aside halved cherries and 1½ oranges for garnish. Add the pineapple, pecans and chopped cherries to cream cheese mixture. Fold in whipped topping and remaining oranges. Line muffin cups with paper or foil liners. Spoon fruit mixture into cups; garnish with reserved cherries and oranges. Freeze until firm. Remove from the freezer 10 minutes before serving. Top with mint if desired.

Hail Mary

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima

When you receive this email say a Hail Mary and ask for a special favor

"Hail Mary, full of grace, The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen." (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

Gently shake it from side to side (while) to distribute the toner evenly inside the cartridge.
5. Pull off the protective cover.
6. Put the new toner cartridge firmly into the drum unit until you hear it lock into place. If you put it in properly, the green lock lever will lift automatically.
7. Clean the primary corona wire inside the drum unit by gently sliding the green tab from right to left and left to right several times. Return the tab to the entire release (1) inside you pull the drum unit toner into the machine. If you do not, tempo pages may have a vertical stripe.
8. Put the drum unit and toner cartridge assembly back into the machine. Close the slim cover.
FOR HL-2000X: DO NOT turn off the machine's power switch or open the slim cover until the **Ready** LED is on.
FOR HL-2150X (USA and Canada only) and MFC-XXXXCDW/DWP/FAXXXXX: DO NOT turn off the machine's power switch or open the front cover until the LCD returns to the **Ready** mode.
When you replace the cable cartridge with a new one, the machine returns to the Ready mode. See *Replacing the toner cartridge* in User's Guide.

RTP Payload for Redundant Audio Data

Status of this Memo

This document specifies an Internet standards track protocol for the Internet community, and requests discussion and suggestions for improvements. Please refer to the current edition of the "Internet Official Protocol Standards" (STD 1) for the standardization state and status of this protocol. Distribution of this memo is unlimited.

Abstract

This document describes a payload format for use with the Real-time Transport Protocol (RTP), version 2, for encoding redundant audio data. The primary motivation is the scheme described herein is the development of audio conferencing tools for use with lossy packet networks such as the Internet MBone, although the scheme is not limited to such applications.

1. Introduction

If real-time conferencing is to become widely used by the Internet MBone community, users must perceive the quality to be sufficiently good for most applications. We have identified a number of problems which impair the quality of conferences, the most significant of which is packet loss. This is a persistent problem, particularly given the increasing popularity, and unpredictable increasing load, of the Internet. The disruption of speech intelligibility even at low loss rates which is currently experienced may sometimes be worse tolerable or it means that multimedia conferencing over the Internet is not viable. The addition of redundancy to the data stream is offered as a solution [1]. If a packet is lost then the missing information may be reconstructed at the receiver from the redundant data that arrives in the following packet(s), provided that the average number

GUIDELINES REGARDING USE OF YOUR SPLINT

1. YOUR SPLINT CAN BE WASHED WITH COLD WATER AND SOAP OR A CLEANING SOLUTION, I E. FANTASTIC.

2. DO NOT LEAVE YOUR SPLINT IN WARM AREAS SUCH AS IN DIRECT SUNLIGHT, IN YOUR CAR DURING THE SUMMER MONTHS OR ON A RADIATOR. IF YOU DO SO, YOUR SPLINT WILL LOOSE ITS SHAPE

3. TOP LOOP VELCRO STRAPS CAN BE WASHED
BOTTOM HOOK VELCRO CAN BE BRUSHED CLEAN
STOCKINGETTE LINERS SHOULD BE WASHED.

4. IF THE BOTTOM HOOK VELCRO COMES LOOSE, HEAT THE ADHESIVE ON THE BACK OF THE VELCRO WITH A HAIR DRYER AND RE-ATTACH IT. IF UNSUCCESSFUL, YOU CAN CALL THE OFFICE FOR A REPLACEMENT PIECE. VELCRO IS AVAILABLE AT MOST HOUSEHOLD/HARDWARE STORES.

5. IF YOU DEVELOP AN IRRITATION OR REDNESS FROM THE SPLINT, PLEASE CALL THE OFFICE FOR AN ADJUSTMENT.

6. IT IS IMPORTANT TO KEEP BOTH YOUR SKIN AND THE SPLINT DRY DURING SPLINT APPLICATIONS.

7. IF YOUR SPLINT HAS BEEN PROVIDED PRE-OPERATIVELY, PLEASE BRING IT BACK TO THE OFFICE ON YOUR FIRST POST-OPERATIVE VISIT. YOUR SPLINT WILL BE STORED FOR YOU OR BRING IT TO THE OFFICE ON THE DAY THAT YOU ARE SCHEDULE FOR YOUR CAST REMOVAL. YOU MAY NEED TO REAPPLY YOUR SPLINT FOLLOWING SURGERY.

Moving Checklist

Before You Move

- ☐ Obtain the brochure *Ready to Move?* and the booklet *Your Rights and Responsibilities When You Move* from the mover.
- ☐ Ask for recommendations from neighbors, friends, and relatives regarding the mover.
- ☐ Check with the Better Business Bureau regarding the mover.
- ☐ Find out what the mover's responsibilities are for damages that may occur to your belongings.
- ☐ Ask if the mover has a dispute settlement program.
- ☐ Obtain estimates from at least three movers, and compare cost and all other services to be provided by the mover.
- ☐ Check to determine whether the interstate mover is registered with FMCSA, and has a USDOT number.
- ☐ Find out how and when pickup and delivery of your household goods will occur.
- ☐ Ask the mover how they can be contacted before the move, during the move, and after the move.
- ☐ Adequately insure your belongings.

Moving Day

- ☐ Be present to answer questions and give directions to the movers. Stay until they finish.

- ☐ Accompany the movers as they inventory your household goods and resolve any questions regarding the condition of materials being moved.
- ☐ Carefully read the information on the estimate order for service, bill of lading inventory and all other completed documents before you sign them.
- ☐ Keep the bill of lading until your goods are delivered, the charges are paid, and any claims are settled.
- ☐ Before the moving van leaves take one final look throughout the house to make certain nothing has been left behind.
- ☐ Give the driver directions to your new house.
- ☐ Inform the driver and the moving company of where you can be reached during the move.

Delivery Day

- ☐ Be present to answer any questions and give directions.
- ☐ Pay the driver, according to the term of your agreement, before your goods are unloaded.
- ☐ Supervise unloading and unpacking of your goods.
- ☐ Note on the inventory list all boxes or other items that are damaged before you sign any documents.

Hand Hygiene is the #1 way to prevent the spread of infections

You can take action by practicing hand hygiene regularly and by asking those around you to practice it as well.

You and your loved ones should clean your hands very often, especially after touching objects or surfaces in the hospital room, before eating and after using the restroom. Your healthcare provider should practice hand hygiene every time they enter your room.

It only takes 15 seconds of using either soap and water or an alcohol-based hand rub to kill the germs that cause infections.

Use soap and water when your hands look dirty; otherwise, you can use an alcohol-based hand rub.

You, your loved ones, and your healthcare providers should practice hand hygiene.

For more information, please visit www.cdc.gov/handhygiene or call 1-800-CDC-INFO

CDC acknowledges the following partners in the development of the Hand Hygiene Saves Lives video: the Association for Professionals in Infection Control and Epidemiology and Safe Care Campaign.

This brochure was developed with support from the CDC Foundation and Novartis Corporation.

Test cricket is the longest form of the sport of cricket. Test matches are played between national representative teams with "Test status" as determined by the International Cricket Council (ICC). The two teams of 11 players play a four innings match, which often lasts up to five days. It is generally considered the most complete examination of teams' playing ability and endurance.[1][2][3] The origin of the name Test stems from the long, gruelling match being a "test" of the relative strength of the two sides.[4]

The first officially recognised Test match began on 15 March 1877, between England and Australia at the Melbourne Cricket Ground (MCG), where Australia won by 45 runs.[5] A Test match to celebrate 100 years of Test cricket was held in Melbourne from 12 to 17 March 1977, in which Australia beat England by 45 runs—the same margin as that first Test.[6]

In October 2012, the International Cricket Council recast the playing conditions for Test matches, permitting day/night Test matches.[7]

Test status[edit]

Test matches are included in first-class cricket. Matches are played between national representative teams with "Test status" as determined by the International Cricket Council. As of December 2014, ten national teams have Test status, the most recently promoted being Bangladesh in 2000. Zimbabwe's Test status was voluntarily suspended, because of poor performances between 2006 and 2011, it returned to competition in August 2011.[8]

In January 2014, during the historic ICC meeting in Dubai, the pathway for new potential test nations was laid out with the winners of the next round of the ICC Intercontinental Cup playing a 5-day match against the bottom rank test nation. If the Associate team defeats the test nation, then they could be added as the new test country and be given full membership.

A list of matches defined as "Tests" was first drawn up by Australian Clarence Moody in the mid-1890s. Representative matches played by simultaneous England touring sides of 1891–92 (in Australia and South Africa) and 1929–30 (in the West Indies and New Zealand) are deemed to have "Test status".

In 1970, a series of five "Test matches" was played in England between England and a Rest of the World XI. These matches, originally scheduled between England and South Africa, were cancelled after South Africa was suspended from international cricket because of their government's policy of apartheid. Although initially given Test status (and included as Test matches in some record books, including Wisden Cricketers' Almanack), this was later withdrawn and a principle was established that official Test matches can only be between nations. Despite this, in 2005, the ICC ruled that the six-day Super Series match that took place in October 2005 between Australia and a World XI, was an official Test match. Some cricket writers and statisticians, including Bill Frindall, ignored the ICC's ruling and excluded the 2005 match from their records. The series of "Test matches" played in Australia between Australia and a World XI in 1971/72 do not have Test status. Kerry Packer's World Series Cricket

Table 2 Configuration Command Summary *(Continued)*

	Command	Explanation
Step 8	Configure the media gateway.	
	(**enl g**)**#interface** *<interface>*	Specifies an interface used for SIP and RTP traffic. Specify the interface in the format *<interface type [slot/port | slot/port.subinterface id] | interface id | interface id.subinterface id >*. For example, for an Ethernet subinterface, use **eth 0/1.1**. For a PPP interface, use **ppp 1**, for an ATM subinterface, use **atm 1/1**.
	(**config**)**#ip address** *<ip address> <subnet mask>*	Specifies the IP address for the outbound interface for RTP traffic. IP addresses should be expressed in dotted decimal notation (for example **10.10.10.1**). Subnet masks can be expressed in decimal dotted notation (for example **255.255.255.0**) or as a prefix length (for example **/24**). This command is needed only if the interface does not already have an IP address assigned.

On The Job

My boss called me today and said, "How's it going at the office today? Is everything okay?"

I told him, "Yep, all under control. It's been busy. I haven't had a break all day."

"Great. Can you do me a favor?"

"Sure, boss. What?"

"Speed up play; I'm in the foursome behind you!"

outsourcing strategy, it should simultaneously develop an exit strategy. The labor cost advantage in China is and always was temporary, which is why we have seen many other locales (Southeast Asia, Eastern Europe, India) become supplier options as well.

The arbitrage model therefore must consider many factors beyond just labor cost. It also must monitor the exit criteria and initiate an exit strategy at the appropriate time—which will be different for every industry and for every organization within that industry, be it a leader or laggard. Yet in very few examples will you find an exit strategy being developed and agreed on at the time of the initial outsourcing decision. Does that mean the decision where to outsource is permanent? Or is the organization waiting for some external factor or disaster to force it to find an exit strategy?

While Apple will continue to dominate the headlines, this issue is not specific to Apple or to China. Companies that choose to offshore/outsource need to develop an exit decision model quickly and monitor it closely. Organizations should manage the business case for the original decision as a dynamic tool that is updated periodically. Early adopters will always reap the arbitrage advantage—and the decision to exit means that the arbitrage has shifted somewhere else.

STAN LEE
CONTRIBUTING WRITER FROM 1939

In our teen years where we're told to stop reading fairy tales, that we're too old for all that magic and wonder. I don't agree with that. So the comics I started writing were, basically, comic books for older people, fairy tales for adults—or smart people, anyway. I also really tried to write them—pitched on that readers believed they were actually alive and doing those things and maybe somehow sharing the world with you and me.

GC: *How your writing process changed much through the years?*

SL: Well, I don't mind so much now as I used to. It started Soo, I have the nun. I also really didn't want to influence any of those writers, so I got a big pot-belly basement but sitting at a desk all the time. So when I was writing a lot of those stories, back in the '60s and '70s, I put this bridge table out on the terrace—this was at our house in Long Island, a long time ago—and then I put a little stool on top of that so it was tall enough and then I'd put my typewriter on top of that. That way I could stand outside on the sun and type. I'd say long. And my wife would have these little parties at the house and everyone would be talking and drinking and laughing all around me, and I'd just be standing there, typing away. She really is the perfect wife for me.

GC: *There are infinite theories about where creative ideas come from. Where do you think Ant-Man, Sentinel Weird or even the Destroyer, your very first comic book hero, comes from?*

SL: Well, we think about it! You just sit down or walk around and probably have a big, dumb look on your face and you wonder "What would I like to read? What kind of character would interest me?" I'm asked a lot what tips I would give to other writers. The truth is I don't know any tips. I can't think of a single tip. Now I've been writing long enough to have met an awful lot of writers who sit down at their computer or whatever and say, "OK, now I'm going to write the story for young ladies aged 17 to 36." I don't have a clue how to do that. I don't know what other people want. I know what I want. So the only thing I can say when answering that question is:

From Iron

Please write stories that you think are great. Write to please yourself. That's how I've always done it—not because I'm so desperate to please other people but because I feel very genuinely that if I really love a story, then there will be a few other people out there who would love it too. I'm not that special.

GC: *Writing an autobiography is, assuredly, a process of reflection. Looking back at your life on the verge of 95, does it really feel like an arresting, fantastic, incredible life?*

SL: If I may say anything best "yes, absolutely!" I'm sure I would sound like a terrible human being. But it's funny, when I look back at those days in Long Island, I never feel that nothing. It's always as if I'm just a little bit unhappy because, mostly, there were these kinds of comic book people in the world look them. There were the people who thought comic books were stupid and unimportant and there were people who just didn't care about comic books at all. And then there were the people who actually read them. We were living in Long Island, surrounded by stockbrokers and doctors and lawyers and businessmen, and those I was, writing these little stories with drawings in them, and I couldn't let go of the idea that most people didn't give a damn about the work I was doing. I wasn't creating important court cases. I wasn't healing people's bodies. I wasn't changing anybody world. It was a lousy feeling in them days.

GC: *The evidence by now has surely changed your mind about that, yes?*

SL: Well, as the years went by, I realized and unentertainment is one of the most important things in the world. People need it. They really need it. That's why they go to concerts and movies and I read books and watch television. Life is tough for a lot of people. If you can do something that brings someone else just a little bit of relief or pleasure—like telling them a really great story maybe—that's not a bad thing to do, right? So, over the years, I've learned to be happy with the work I do, rather than apologetic for it.

GC: *Good! One more question. Who do you think is better-looking: Stan Lee in real life or the illustrated Stan Lee in* Amazing Fantasy *Incredible?*

SL: Oh, that's easy. Me! I'm much better-looking. The hair is no match. Thicker. Look at me! ☐

Does Guaranteed Income for Life Sound Right for You?

For some retirees, an immediate annuity can make a lot of sense BY WALTER UPDEGRAVE

PEOPLE LOVE ANNUITIES in concept but aren't nearly as enthusiastic when it comes to buying those insurance products—the only investments that can provide guaranteed income for life.

A survey by the Insured Retirement Institute and Jackson National Life Insurance Co. found that while more than 80% of people 65 and older were interested in lifetime income, only one in four planned to buy an annuity.

There are plenty of reasons to be wary of annuities, so many can be mind-numbingly complex and laden with onerous fees to boot. Still, you can reap their benefits while mitigating the downsides by sticking to the most straightforward type—"immediate annuities," which are designed to convert savings to monthly income for life.

Here are three ways to tell if it makes sense for you to "annuitize" a portion of your nest egg:

1. YOU WANT MORE GUARANTEED INCOME THAN SOCIAL SECURITY AND ANY PENSIONS WILL PROVIDE. Many people like to have enough assured income to cover most or all of their essential living expenses—housing, food, transportation, insurance, etc. If your basic living costs will exceed the income you'll receive from Social Security and any pensions, you may want to bridge all or part of that gap by investing some of your savings in an immediate annuity.

Be aware, though, that in most cases the money you invest in an immediate annuity will no longer be available to you. So if you decide to devote a portion of your savings to an annuity, make sure that you'll still have enough money left over to take care of expenses in excess of what your guaranteed income will cover—and to provide a hedge against rising prices once the excess of a long retirement.

2. YOU'RE WORRIED YOU MIGHT RUN THROUGH YOUR SAVINGS. There are plenty of ways to draw money from a nest egg that can generate cash to meet your spending needs while limiting the chance that you'll run out of money before you run out of lives.

But if you're unsure about your ability to follow such a regimen—or prefer to have an extra margin of safety—then you may want to consider putting a portion of your savings into an immediate annuity.

3. YOU WANT THE PEACE OF MIND. Even if you re ambivalent about the financial case for an immediate annuity, there's another reason to consider one: Guaranteed lifetime income can make for a happier and more satisfying retirement.

A 2016 Zend study found that retirees with annuity income tended to feel more satisfied in retirement than those without such income and were also more likely to maintain that feeling throughout retirement. That's not too surprising. You're more likely to be able to relax if you don't have to worry whether a market meltdown will force you to ratchet down spending and scale back your lifestyle.

To find how much immediate annuities pay—and cost—go to immediateannuities.com or comparison tool sites such as Charles Schwab and Vanguard.

Test your fax machine

To test the capability of your fax machine, follow the directions below

NOTE:

Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing ***82** before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE:

Whenever troubleshooting a fax issue, it is good practice to set the ***Automatic Reports*** option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product *User's Guide* for specific steps.

1. Send a one page black and white text fax to **1-888-hpfaxme (1-888-473-2963)**

Email How To's

DIVERGING FROM THE TRADITIONAL SPREAD MAY BE UNHEARD OF FOR SOME HOLIDAY STALWARTS BUT ANITA LO'S ELEGANT MENU IS AN EASY SELL

Inspired by her travels and upbringing, the executive chef and owner of Annisa in New York brings Asian ingredients to the Thanksgiving table—ginger miso, spicy mustard, rice vinegar—kabocha squash—all of which add a twist on the typical fare. "We grew up eating a lot of different flavors," says Lo. "My mom, who was Chinese, would make a turkey but she would add a wild rice stuffing." These inventive recipes can be served in place of your holiday favorites: Swap sweet potatoes for ginger-laced kabocha purée, make brilliant tangerines and cranberries your new go-to relish, and give up stuffing in a perfectly seasoned cider brined turkey. Don't be daunted by the unfamiliar ingredients—she says, "They're just untried deliveries." And when it comes to explaining that kabocha squash? Says Lo, "At the end of the day it's just a pumpkin." —CARLA LALLI MUSIC

COOK THE CULTURE

CIDER BRINED TURKEY WITH STAR ANISE AND CINNAMON

SERVES 10 TO 12 | *Brining the turkey overnight keeps it moist and seasons the interior of the meat," says Lo. "The ingredients, except the cider, are classic Tant-cooking flavorings used in Chinese cooking to braise and place meats like pork or duck. Test the turkey—especially the wings—with foil if it is done too quickly while roasting. For carving tips, see Prep School on page 136.*

- 2 quarts plus 1 cup apple cider
- 1 cup kosher salt plus more
- 1 cup soy sauce
- ½ cup (packed) light brown sugar
- 10 whole black peppercorns
- 3 whole star anise pods plus more for garnish
- 6 garlic cloves, smashed
- 6 scallions, white parts only trimmed, split lengthwise
- 6 ¼" thick slices unpeeled ginger
- 3 dried shiitake mushrooms
- 2 3"–4" cinnamon sticks plus more for garnish
- 2 sprigs cilantro
- 1 12 to 14 lb. turkey
- Freshly ground black pepper
- 2 Granny Smith apples, cut into sixths
- Melted unsalted butter or vegetable oil (for basting)

Bring 2 quarts cider, 1 cup salt, and the next 10 ingredients to a boil in a very large (15–qt.) pot, stirring to dissolve salt and sugar. Let cool to room temperature. Stir in 1½ gallons cold water. Add turkey to brine and press down to submerge. Cover; refrigerate overnight.

Remove turkey from brine and pat dry with paper towels. Discard brine. Season lightly inside and out with salt and pepper. Place turkey breast side up, on a rack set in a large heavy roasting pan and tie legs together with kitchen twine. Let stand at room temperature for 1 hour.

Preheat oven to 375°. Combine the remaining 1 cup of cider and 3 cups water in roasting pan. Scatter apples around. Brush turkey with butter. Fly breast side down.

Roast turkey, breast side down, basting occasionally for 1 hour. Using paper towels, fly turkey, breast, basting occasionally until an instant-read thermometer inserted into thickest part of thigh registers 155°, 1–1½ hours longer. Transfer turkey to a platter. Let rest for at least 20 minutes before carving.

Meanwhile, strain the juices from the roasting pan into a saucepan, reserving apples. Simmer over medium heat until juices have thickened, about 10 minutes. Serve the cider jus alongside the turkey and apples and garnish with extra star anise pods and cinnamon sticks.

GREEN BEANS WITH MISO AND ALMONDS

SERVES 6 TO 8 | *Lo uses saikyo white miso, a very mild one slightly sweet soybean paste. But any white miso works well in this sweet-and-spicy dish. The brightly flavored sauce makes a great dressing for simply prepared seasonal vegetables. Scallops would also be a good choice.*

- 2¼ lb. fresh green beans
- Kosher salt
- ¼ cup white miso (fermented soybean paste)
- 3 Tbsp. thinly sliced scallions, dark-green parts only divided
- 3 Tbsp. unseasoned rice vinegar
- 2 Tbsp. Japanese prepared hot mustard (not wasabi) or 1 Tbsp. English mustard powder mixed with 1 Tbsp. water
- 2 Tbsp. vegetable oil
- 1 Tbsp. sugar
- ¼ cup sliced almonds, toasted

INGREDIENT NOTE: Also known as shiro miso, white miso can be found in the refrigerated Asian foods section of better supermarkets and at natural foods stores and Japanese markets. Japanese hot mustard is sold in a small tube or tin, unlike wasabi. It is made with mustard seeds and processed with other seasonings. Look for English mustard powder in hot mustard at better supermarkets and at specialty foods stores.

Working in 3 batches, cook green beans in a large pot of boiling salted water until crisp-tender. Transfer to a large bowl of ice water to cool. Drain well. Pat beans; cut in half on a sharp diagonal, as needed. Can be made 6 hours ahead. Arrange cooked beans in batches in paper towels; roll into cylinders, and transfer to plastic bags; seal and chill.

Whisk miso, 2 Tbsp. scallions, ¼ cup water, mustard, oil, and sugar in a small bowl. Season dressing to taste with salt. Place green beans in a large bowl. Pour dressing over; toss to coat. Garnish with almonds and remaining 1 Tbsp. scallions. Serve warm or at room temperature.

OFFICE OF THE DIRECTOR

Bloomberg LP

A message from the Director, U.S. Census Bureau.

About two weeks ago, the U.S. Census Bureau sent instructions for completing the American Community Survey to your address. We asked you to help us with this very important survey by completing it online. But we have not received your response yet.

If you have already completed the survey, thank you very much. If you have not, please complete the survey soon using ONE of the following two options.

Option 1: Go to **https://respond.census.gov/acs** to complete the survey online.
Option 2: Fill out and mail back the enclosed questionnaire.

This survey is so important that a Census Bureau representative may attempt to contact you by telephone or personal visit if we do not receive your response.

The information collected in this survey will help decide where new schools, hospitals, and fire stations are needed. The information also is used to develop programs to reduce traffic congestion, provide job training, and plan for the health care needs of the elderly.

The Census Bureau chose your address, not you personally, as part of a randomly selected sample. You are required by U.S. law to respond to this survey. The Census Bureau is required by U.S. law to keep your answers confidential. The enclosed brochure answers frequently asked questions about the survey.

If you need help completing the survey, please use the enclosed guide or call our toll-free number (1-800-354-7271).

Thank you.

Sincerely,

John H. Thompson
Director

Limited Warranties and Return Policy

Limited Hardware Warranties (U.S. Only)

Dell-branded hardware products purchased for U.S. only use with a 48-day or longer return period are covered by one of the limited hardware warranty descriptions which apply to your hardware product as set forth in the following table. Section 4(a) of these terms documents Dell

What is covered by this limited hardware warranty?

Dell limited hardware warranties covers defects in materials and workmanship in your Dell-branded hardware products, including the accompanying Dell-branded accessories.

What is not covered by this limited hardware warranty?

This limited hardware warranty does not cover:

- Software (including that was pre-installed by Dell), unless it is covered by a separate Dell limited software warranty document
- Non-Dell branded products and accessories
- Problems of an external cause
- Accidental damage, abuse, misuse, all problems with electrical power
- Servicing not performed by Dell
- Usage that is not in accordance with product instructions
- Failure to follow the product owner's manual for routine maintenance
- Problems caused by using accessories, parts, or components not supplied by Dell
- Products with missing or illegible Service Tag or serial numbers
- Products for which Dell has not received payment
- Normal wear and tear

FOR COMMERCIAL (CUSTOMERS (INCLUDING SMALL, MEDIUM AND LARGE BUSINESSES AND GOVERNMENT AND PUBLIC SECTOR (CUSTOMERS) AND RESELLERS:

This paragraph applies only if you purchase Dell products for resale or for commercial or professional purposes.

SOLE RESPONSIBILITY FOR DEFECTS IS LIMITED TO REPLACEMENT OR REFUND: DELL'S SOLE RESPONSIBILITY IN CONNECTION WITH THE PRODUCT AS SET FORTH IN THIS WARRANTY STATEMENT, EXCEPT FOR THE LIMITED WARRANTY EXPRESSLY STATED ABOVE FOR DELL-BRANDED PRODUCTS, DELL MAKES NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTY (1) OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, PERFORMANCE, SUITABILITY, OR NON-INFRINGEMENT; (2) ARISE AND TO ANY THIRD PARTY PRODUCT OR SOFTWARE; OR (3) REGARDING THE RESULTS TO BE OBTAINED FROM THE PRODUCT OR SOFTWARE. DELL EXPRESSLY DISCLAIMS ALL WARRANTIES NOT STATED IN THIS LIMITED WARRANTY

Warranty and Support Information

FOR CONSUMERS:

This paragraph applies if you purchase Dell products that are normally used for personal, family or household purposes.

THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE (OR JURISDICTION TO JURISDICTION). DELL'S RESPONSIBILITY FOR MALFUNCTIONS AND DEFECTS IN HARDWARE IS LIMITED TO REPAIR BY DELL, AS SET FORTH IN THIS WARRANTY STATEMENT. ALL EXPRESS AND IMPLIED WARRANTIES FOR THE PRODUCT, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES AND CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE TERM OF THE LIMITED WARRANTY PERIOD. EXCEPTED THOSE WARRANTIES SUPPLIED BY DELL, EXCEPT AS OTHERWISE SPECIFICALLY DISCLAIMED, ALL IMPLIED WARRANTIES, HOWEVER EXPRESSED OR IMPLIED, SHALL APPLY AFTER THE LIMITED WARRANTY PERIOD HAS EXPIRED. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THIS LIMITATION MAY NOT APPLY TO YOU.

FOR ALL CUSTOMERS

THE REMEDY AS SET FORTH IN THE REMEDIES PROVIDED FOR IN THIS LIMITED HARDWARE WARRANTY OR UNDER COMMERCIAL TERMS OF SALE, INCLUDING, WITHOUT LIMITATION, ANY LIABILITY FOR THIRD-PARTY CLAIMS AGAINST YOU FOR DAMAGES, FOR PRODUCTS NOT BEING AVAILABLE FOR USE, OR FOR LOST OR DAMAGED DATA OR SOFTWARE. DELL DOES NOT WARRANT EVERY OPERATION OF ANY DELL PRODUCT WILL BE UNINTERRUPTED OR ERROR-FREE. DELL'S LIABILITY WILL BE MORE THAN THE AMOUNT PAID FOR THE SPECIFIC PRODUCT THAT IS THE SUBJECT OF A CLAIM. THESE LIMITATIONS AND LIMITATIONS APPLY EVEN IF DELL ARE RESPONSIBLE.

SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

How long does this limited hardware warranty last?

This limited hardware warranty lasts for the time period, date and/or usage parameters set forth in receipt if not for the following Dell-branded hardware:

- Flexible product and services carry the time or terms of either 90 days limited hardware warranty or the length of the limited hardware warranty for the product with which the flexible is purchased.
- Primary only for a print head that excluded as original equipment in the Dell cubicle printers for parts, supply and effective for a period of 1 year after the date of purchase of the printer or 3000 pages of printer usage, whichever occurs first.
- Value Series Laser Printer and other battery may transfer up to 12 hours of consecutive use by one only laser printer new. Under this year limited hardware warranty we warrant that the battery will provide at least 24 hours of capacity, average during the year limited hardware warranty period.
- Projector lamps carry a 90-day limited hardware warranty.
- Dell-certified refurbished branded inventory purchased under Dell's Total Control Dell-Certified Warranty carries a lifetime limited hardware warranty.
- The limited hardware warranty for memory purchased and installed at a system-level, for the time period established by your packing slip, invoice receipt or other sales documentation. Memory purchased with a system are covered by the system's limited hardware warranty.
- Pens, styluses, and remote wine controls carry a 1-year limited hardware warranty.
- Other hot-pin hot-socket battery packs consist of three cells per battery and have a limited hardware warranty for nine cells and a 90-day limited hardware warranty for recondition cells. All batteries and recalibrated cells, the remainder of the warranty for the Dell product on which such parts are installed.
- SATA hard drives of PowerEdge T20, PowerEdge T30, and PowerEdge T40 systems identified as an xTB or xTB SATA 3.0Gb/s, PowerEdge T310, PowerEdge T410, PowerEdge R210, PowerEdge R310, PowerEdge R410, PowerEdge R510, PowerEdge R610, PowerEdge R710, PowerEdge R715, PowerEdge R810, PowerEdge R815, PowerEdge M610, PowerEdge M610x and PowerVault NX300 carry the lesser of either a five (5) year limited hardware warranty or the length of the limited hardware warranty for the Dell system with which the SATA hard drive is shipped. Service offerings may be available to extend the SATA hard drive warranty period on these systems for an additional fee.

To get those extra weeks of product on you need to keep the air around your plants warm even when the weather is cold by using mulches cloches, row covers or coldframes

Or give heat-loving crops (such as melons peppers and eggplants) an extra early start by using two "blankets"—one to warm the air and one to warm the soil in early spring About 6 to 8 weeks before the last frost date preheat cold soil by covering it with either infrared-transmitting (IRT) mulch or black plastic which will absorb heat Then cover the bed with a slitted clear plastic tunnel When the soil temperature reaches 65° to 70°F set out plants and cover the black plastic mulch with straw to keep it from trapping too much heat Remove the clear plastic tunnel when the air temperature warms and all danger of frost has passed Install it again at the end of the season when temperatures cool

What is Terrae Networks?

First and foremost, we are Native Owned and Operated. Communication Service Provider | Terrae Networks is a Cloud based landline telephone service and hardware provider. We are located on the US portion of Akwesasne. We offer tax free services on both sides of the border.

How does it work?

Our service is cloud based. Cloud based phone system is a relatively new term meaning phone service that is delivered through the Internet. In this terminology, the "cloud" is the Internet. A synonymous term would be Internet Phone System. You are not responsible for maintaining and servicing your phone system infrastructure. We do the heavy lifting, all you do is plug your phone in and it just Works™.

What is included with my plan?

We offer Home and Business Service. For Home Service we have plenty of features, all the ones you're used to and some more that you might not be. Features include Caller ID, Call Waiting, Call Block – now block calls immediately after they call you. Do Not Disturb and Call Transfer, just to name a few. For a complete list of features, please contact Terrae Networks 518.333 0330.

Can I keep the same telephone number?

Yes. You can keep the same phone number you've had for years. When you join our network we attach your same phone number to your plan at no extra charge. You also have the option to choose a new telephone number – including local numbers, Vanity Numbers and Toll free 800 Numbers.

Can I use my own telephone?

Yes. The telephone you have now will work perfectly with our service, although we do offer a wide variety of hardware for all your home and business needs. We work primarily with Grandstream Networks. Through Grandstream Networks, we can offer tremendous products that bring incredible features, at a fantastic price. If you have specific hardware needs we can discuss that further by contacting us at: support@terraenetworks.com

What about my business?

Terrae Networks offers many services for you business needs. For Business Service we offer Call Detail Records, Call Forward on Busy, Call Parking, Call

Wiring Standards Color Codes

Engineering Specifications 4/20/2009

Wiring Standards

Audio signal wiring typically involves three connections:

SHIELD	a/k/a common, ground, screen	External
HOT	a/k/a high, positive phase	Live
COLD	a/k/a low, negative, antiphase	Return

In general, Pro Co regards a red conductor as HOT and a black conductor as COLD, and where all connectors to accepted industry conventions:
Two-pole conductors (1/4" phone, 3.5mm mini), RCA phone, etc) HOT conductor to tip, COLD and SHIELD conductor to sleeve.
Three-pole connectors (1/4" phone, 3.5mm mini, TT etc) HOT conductor to tip, COLD conductor to ring, SHIELD to sleeve.
XLR-type connectors are wired in accordance with IEC 268-9 to suit all major brands of low-impedance microphones. HOT conductor to pin 2, COLD conductor to pin 3, SHIELD to pin 1.

Pro Co strives to maintain absolute signal polarity throughout a system whenever practical. This sometimes requires that wiring different than shown be used. For example, some professional audio equipment manufacturers consider pin 3 to be "HOT" on XLR type connectors. If we are aware that such equipment is being connected we will wire XLR-type connectors "pin 2 HOT" to suit it.

Color Codes

1. All single twisted-pair Pro Co cable (shielded, or unshielded), has the inner conductors color-coded red and black (12AF 12BH, 12AHC, 1245, 12-2, 14-2, and 16-2).

Parallel cord here a ribbed conductor which is considered "COLD" and an un-ribbed (generally smooth) conductor considered "HOT" (16-2 S).

2. All Ameripack 4-conductor cable has inner conductors color-coded red, red/stripe, black, black/stripe. This simplifies wiring for either 2- or 4-conductor applications. Older Ameripack has brown color-coded white and blue (2-pack). White is considered "HOT"

3. All Accubrite and Overbraid multi-pair audio cables use the following color code:

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect a fax modem, and then when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and then you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans. For more help with scanning, click the **Help** button on the toolbar.

Boiler Control 264

D 264
11/03

The tekmar Boiler Control 264 can control the supply water temperature from up to 4 on / off stages based on outdoor temperature control for Domestic Hot Water (DHW) generation, or a setpoint requirement. A large easy to read display provides current system temperatures and operating status. The control has outputs for a primary pump and either a combust on air damper or alarm. Based on the mode of operation selected, the control can operate different combinations of boiler stages and boiler pumps.

Additional functions include:

Installer and Advanced access levels
Primary pump output

- Individual boiler pump outputs (in applicable modes)
- Pump exercising
- Pump purging (primary and boiler)
- DHW Pump or Valve contact
- Boiler demand for space heating loads
- DHW demand for DHW loads

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP fax machine with the HP Fax Test service. Print this document or the step-by-step instructions in the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the fax setup of your fax machine, follow the directions below.

NOTE: For a method of testing your fax machine without the Fax Test service, see the section titled "Test your fax machine manually" later in this document.

1. Send a fax to your fax machine from another fax machine. Make sure that you know the fax number for the fax machine that you are testing.
2. When you receive the fax, check the quality of the printed fax. If the quality is poor, see the section titled "Fax quality is poor" later in this document.

NOTE: If you have problems receiving faxes, see the section titled "Cannot receive faxes" later in this document.

MammaPrint Result: Low Risk

[redacted] output of the MammaPrint 70 gene expression profile. The MammaPrint result is calculated from a numerical index termed [redacted] Breast Cancer Index (MBCI). [redacted] is classified Low Risk, while a test result with a MBCI [redacted] is classified High Risk. For a breast cancer patient, Low Risk [redacted] risk on average 5 year distant metastasis free survival (DMFS) when [redacted] systemic adjuvant treatment, while High Risk indicates an average 5-year DMFS rate of 71% without any systemic adjuvant treatment.

Additional Comments:

Assay Description

[redacted] validated 70-gene signature (MammaPrint) [redacted] using RNA isolated from fresh frozen (FF) or formalin-fixed paraffin-embedded (FFPE) tissue [redacted] Breast cancer tissue [redacted] The test is performed using a microarray-based gene expression profile that was independently [redacted] breast cancer. An untreated, supervised analysis of the entire human genome [redacted] 25,000 genes, followed by a leave-one-out [redacted] identified 70 genes that distinguish patients as High Risk vs. Low Risk of metastasis. Therefore this MammaPrint result provides [redacted] prognostic validities, statistically significant, additive information to physicians to help them decide on treatment in early stage breast cancer patients.

Based on the analytical performance of MammaPrint, the precision of classifying a sample as High Risk or Low Risk is 99% for fresh and 97.7% for FFPE, and the repeatability of the microarray used is 99% for fresh and 97.8% for FFPE. Furthermore, when a fresh sample's MammaPrint Index (MPI) falls within a pre-defined area, whereby the classification will fall between [redacted] and +0.0029, the classification accuracy is less than 90%.

Import! Import! Import! Whatever file you want to print, fax, email, screencast, etc. must first be imported into, or accessed from, this app. This is simply the way the iOS is designed.

Printing a document in another app

In port your document into this app first and then view it. While viewing it, tap the Print button. (The operating system of the iPad/iPhone/iPod, iOS, is designed such that each app you install is given its own storage space. There is no centralized (shared) storage space on your device. This means that no apps *except* a very few *print engine* only weblcat *till* in this app. It cannot be used to print files within any other app's storage space—for example, files stored in Pages, Numbers, Safari, Notes, Mail, etc.)

Importing files into this app

Note: Look in the Documents module for all files created by—or imported into—this app.

- To import a file from another app on this device:
  1. Email the file to yourself.
  2. Open the Mail app, press and hold down the attachment until the Open In... menu appears.
  3. Select this app from the list of apps displayed. Your attachment will be saved in the Inbox folder of the Documents module.
- To access a file from your iDisk/MobileMe, Box.Net, or Dropbox use the Remote Servers or mRemote (Mobile-to-Mobile Remote) module, if available in this version of the app.
- To import a file from your desktop computer, you can:
  - Email it to yourself (as described above).
  - Use a web browser to transfer the file. See *How do I connect to this app from my computer?* in this document.
  - Use iTunes to transfer the file. See *Help With File Transfers* in the user guide.
  - Use a WebDAV server to transfer the file. See *Help With File Transfers* in the user guide.

Connecting to this app from a computer / Transferring files to/from this app from/to a computer

Connect to this app from a web browser on your computer by creating a *command panel* via your desktop computer's web browser:

1. With your iPhone/iPad/iPod Touch and Wi-Fi network (this can even be an ad hoc network generated by your computer or laptop).
2. Log onto the same Wi-Fi network with your computer (PC, Mac, or other).
3. Start this app on your iPhone/iPad and tap Main Menu > Documents. Make a note of the URL that appears at the top of the Documents module's menu. It will be of the format http://xx.yy.zz.aa:8080 (actual numbers will vary depending on your network). This is the URL of this device.
4. Open any web browser on your computer and enter the URL you noted in the previous step. The Documents folder of this Documents module is displayed in the browser. You can now transfer files to/from this folder.

Printing photos

To print photos, import them into this app, or access them with this app. There are several ways to do this.

- **To print a photo in the Photos app**, use the Photo Lab module of this app (Main Menu > More Tools > Photo Labs) to import and print it.
- **To print a photo on your desktop computer or your iPod touch**, use this app to print it.
- **To print a photo on a website you visit**, such as using Safari, then press and hold down on the displayed image and select Copy. The Album, Then use the Photo Lab module to import and print it.
- **To print a snapshot of your iPad/iPhone/iPod screen**, press and hold down on the Home button and then press the power button momentarily while still holding down on the Home button. A snapshot of your iPad screen is saved to your photo album. Use the Photo Lab module of this app to import and print it.

Printing web pages

To print a web page, navigate to the page with this app's Downloader or WebTools module. If available in this version of the app. While viewing the web page, tap the Print button.

Getting help

To see the built-in user guide, on the iPad, tap Main Menu > More Tools > Help. On the iPhone, tap More... > Help. You can also ask questions via our real-time customer support chat module, if available in this version of the app.

To change the overall look of your document, choose new Theme elements on the Page Layout tab. To change the looks available in the Quick Style gallery, use the Change Current Quick Style Set command. On the Theme gallery and the Quick Styles gallery, provide reset commands so that you can always restore the look of your document to the original contained in your current template. On the Insert tab, the galleries include items that are designed to coordinate with the overall look of your document. You can use these galleries to insert tables, headers, footers, lists, cover pages, and other document building blocks. When you create pictures, charts, or diagrams, they also coordinate with your current document look.

RE: Events of April 16th

Mr. Morris,

Tuesday afternoon I took a student and friend from Reilly to the Pershing van to drop off posters at the Wal-Mart on Herndon and Ingram. We dropped the student off at his house on Clinton, and stopped at the McDonald's at Shaw and Peach to use the restroom. I had forgotten, but after talking with you about that event, I recalled that on our way to my house, we stopped at the Mc-n-Go's on First and Bullard to get dinner for my own children. I ordered Pizza and my friend got a half-pitcher of beer to drink while we waited for my pizza. I had soda. When the pizza was ready, my friend went outside to smoke a cigarette while I stayed inside. I gathered my things and went outside. He was still smoking, so we waited to get into the van until he was done. I drove. In the same parking lot, to Save-mart to buy apples, then went home.

I hope this clears any misunderstanding.

Thank You,

Katherine Meissner

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan.**

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

How likely are you to recommend Paul Hofmeyr to a friend or colleague?
Very likely

Rate: Paul Hofmeyr on specific characteristics

Process expertise

Responsiveness

Negotiation skills

Summary of their experience:
We met Paul while attending an open house in our area. He was extremely quick to follow up with us and provided us with a list of homes in our area that fit what we were looking for. Paul was always really accessible when we had questions and made sure to follow up on any of our questions. Moreover, he was a strong negotiator when it came time to making an offer and helped us through the entire process. We are so glad that we worked with Paul to buy our first home...we were worried about the process, but he made it so easy and painless (the worst part of this new home buying process was dealing with the banks involved). I very definitely recommend Paul to anyone looking for a great realtor.

Protection Against Unintentional Lapse

Lapse Notice to Someone Else: You have the right to direct us to [illegible] someone else when your policy is about to lapse or terminate for [illegible] of premium (due to expiration of the grace period). If you have made such a designation (in your application or at some later date), we will notify the designee 30 days after a premium is due and unpaid (the expiration of the grace period) and provide and additional 30 days during which back premiums may be paid before the policy will lapse or terminate. Notice will be given by first class United States mail, postage prepaid. Such notice will be deemed to have been given as of five (5) days after the date of mailing. Your application shows who has been named to receive these notices. You can, of course, change that designation from time to time.

Continuation for Lapse due to Alzheimer's Disease and other forms of Cognitive or Functional Impairment. If the policy terminates due to non-payment of premium (lapse), a retroactive reinstatement of coverage is available for up to 9 months after termination if you met the Benefit Eligibility requirements due to Cognitive Impairment and 5 months after termination if you met the Benefit Eligibility requirements for any other reason. We must receive proof of the impairment or incapacity and all past-due premiums within the applicable time period. Any benefits for which you qualified during the continuation period will be paid to the same extent they would have been paid if the policy and its riders had remained in force from the date of termination.

Please keep this policy in a safe place with your other important documents.

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

You can fax somethi ng interesting to 1-888-877-1655 (you need never notice maybe) or 1-503 280 1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA I know. Please h forget!

Fax single-page documents with no cover sheet. If you fax more than one page...it'll get out of hand. We try to snip off the top few inches of the page where your company name and fax number should appear, but make no promises that this will actually work.

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fax web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

GEICO could save you money faster than ever.

Dear [redacted]

Would we love to have you as a GEICO customer? Did the little pig cry "Wee wee wee" all the way home?

Of course – but we understand if you're not ready to switch to GEICO. That's why we're inviting you to download the GEICO App. GEICO's gone mobile to save you money faster and easier than ever — and it's something you need to experience, even if you're not already a GEICO customer.

You'll love how the GEICO App makes your life easier.
Your wallet will love how much money you could save.

As a GEICO policyholder you can get roadside assistance with the GEICO App in the event of a flat tire, dead battery or lockout. You may also use the App to pay your bill and access your GEICO ID cards[1]. You can get a FREE, no-obligation rate quote and see how much money you could save with GEICO. Download the GEICO App from Google Play™ or the App Store. Then take a look at the other side of this letter to see why GEICO is the right choice for you.

Or simply go to **geico.com** on your mobile device. There's even a fancy code to scan on the back of this letter that will get you there instantly. Or, if you'd rather talk to someone other than your phone's computerized assistant, give us a call at **1-800-947-AUTO (2886)** or contact your local GEICO agent.

The GEICO App – the best thing to have on your smartphone since that Internet radio app.

South Carolina: Retirement Haven or Tax Trap?

February 1, 2012
By Ian Smith
URL http://www.fedsmith.com/article/3257/south-carolina-retirement haven-tax-trap.html

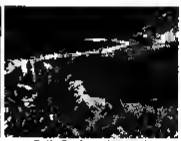
If you are at or nearing retirement in your federal career you may be thinking of relocating to a new state South Carolina is a state that often attracts newcomers with its mild weather attractive cities, and lots of recreational activities, but look closely at the state's income tax structure before taking the relocation plunge

There is no doubt that South Carolina is a pretty part of the country The weather is mild and shopping, sightseeing and recreational opportunities abound in cities such as Greenville, Columbia and Charleston

Greenville is home to Falls Park on the Reedy River which runs through downtown The old bridge that crosses the downtown river was torn down in a park renovation a few years ago and a new suspension bridge was erected in its place Visitors to downtown can find a number of shops, restaurants..and even free WiFi while enjoying spending time eating lunch or just relaxing on a bench in the well maintained gardens that sprawl throughout the park

Shops in Falls Park

Suspension bridge crossing the Reedy River



Falls Park on the Reedy

Charleston is a historic city with roots dating back as far as the 1600s The horse drawn carriage tours that operate in the historic downtown section are a great way for visitors to see and learn about the city and its rich history With numerous shops restaurants, and a beautiful waterfront, one could spend days in the city and not get bored

CONTINUING EDUCATION REQUIREMENTS

FOR MICHIGAN NURSES

Authority: Public Act 368 of 1978, as amended

This form is for information only

This document has been developed to explain the requirements and the license renewal process for every nurse licensed to practice in Michigan.

The Michigan Public Health Code and board administrative rules requires every nurse to complete, during the 2-year period prior to the renewal of the license, at least 25 hours of continuing education, with at least one hour in pain and symptom management. In courses or programs approved by the Board. Pursuant to this requirement, the Board of Nursing has promulgated rules to establish specific criteria for the Boards approval of continuing education courses and programs.

REQUIREMENTS FOR RENEWAL

The continuing education requirements apply to every nurse renewing a Michigan license who held the license for the 2-year period immediately preceding the date of the license renewal. The requirements apply whether or not the nurse is actively engaged in the practice of nursing. No one is exempt from this requirement.

Each nurse is required to complete not less than 25 hours of continuing education contact hours that are approved by the Board during the 2 years preceding an application for renewal or reinstatement. An applicant for license renewal shall complete at least one (1) continuing education contact hour in pain and pain symptom management in each renewal period. Continuing education contact hours in pain and pain symptom management may include, but are not limited to courses in behavior management, psychology of pain, pharmacology, behavior modification stress management, clinical applications, and drug interventions. Every nurse who is renewing his/her license should retain records documenting the completion of continuing education. Those documents should be retained for a period of 4 years after the renewal of the license.

DO NOT SEND THE CONTINUING EDUCATION DOCUMENTS along with the license renewal application. The Department of Licensing and Regulatory Affairs Bureau of Health Professions will conduct an audit, at the conclusion of the renewal period. Nurses chosen for audit through an automated random selection process will be contacted by letter to submit documented evidence of the completion of 25 hours of continuing education contact hours with one (1) hour in pain & pain symptom management.

DO NOT RENEW YOUR LICENSE IF YOU DO NOT HAVE THE REQUIRED 25 HOURS OF CONTINUING EDUCATION CONTACT HOURS.

A nurse who is unable to provide evidence of completion of the continuing education requirements, when requested is in violation of the Michigan Public Health Code and subject to one or more of the following possible license sanctions: reprimand, probation, denial, suspension, revocation, limitation, restriction, and fine.

If a licensee holds both an RN and LPN license and both licenses expire in the same year, continuing education contact hours earned may be applied to both licenses. However if a licensee holds an RN and LPN license, and one expires in one year and the other expires in the following year, the contact hours may overlap as long as they are earned within 2 years of the expiration of the license being renewed.

Canon U.S.A., Inc. LIMITED WARRANTY — (USA Only)

The limited warranty set forth below is given by Canon U.S.A., Inc. ("Canon USA") with respect to the new or refurbished Canon-brand product ("Product") packaged with this limited warranty, when purchased and used in the United States only.

The Product is warranted against defects in materials and workmanship (unless warrant one-year service for one (1) year from the date of original purchase. Pursuant exclusive to a Canon USA repair facility or a Canon USA authorized Service Facility ("ASF"), and proven to be defective upon inspection will be (a) repaired utilizing new, refurbished, reconditioned, and/or remanufactured parts (b) warranties be a new Product or (c) exchanged for a refurbished Product, as determined by the Canon USA repair facility or the ASF. Warranty repair, or replacement shall not extend the original warranty period of the Product. A repair period of parts that is repaired or, the in-warranty repair service. A copy of your dated bill of sale will satisfy this requirement. This warranty does not cover any consumables, such as paper or ink cartridges, as to which there shall be no warranty or replacement.

This limited warranty shall only apply if the Product is used for card readers with compatible computers, peripheral equipment and software. Canon USA shall have no responsibility for such third-party or for malfunctions Canon-labeled peripheral accessories covered by a separate warranty ("Separate Warranty"). Product of such Canon-labeled peripheral equipment shall be purchase. by the terms of the separate warranty. Non-Canon-brand equipment, and separate that may be distributed with the Product are sold "as is" and Product except as any other by Canon USA, including any implied warranty of merchantability or fitness for a particular purpose, are all such warranties are disclaimed. The sole warranty, if any, with respect to such non-Canon brand items is given by the manufacturer or publisher thereof.

This reimbursement covers all defects encountered in normal use of the Product and does not apply in the separate cases:

(a) Loss of or unable to the Product due to abuse, neglect, mishandling, improper packaging by you, alteration, accident, electrical current fluctuations, unauthorized use, failure or failure operating or maintenance performed in, or environmental conditions prescribed in, Canon USA's user's manuals or other documentation, or Product performed by someone other than a Canon USA repair facility or ASF without limiting the foregoing, consider the Product, to replace, and alterations will be presumed of from ordinary wear, abuse, or failure to operate the Product as set forth in the user's manual or other documentation for the Product;

(b) Use of parts, media, materials or supplies (other than those sold by Canon USA, including non-Canon ink cartridges or refilled ink cartridges, that cause damage to the Product or cause excessive frequent service calls or extend period use

(c) If the Product has used in which number or display reduced, altered or removed.

ANY SYSTEM SOFTWARE WHETHER FACTORY LOADED ON THE PRODUCT OR COMPONENT OR OR ON THE SOFTWARE MEDIA PROVIDED WITH OR INCIDENTAL THE PRODUCT, INCLUDING ANY SOFTWARE, INTERFACED WITH OR FOR THE PRODUCT IS SOLD "AS IS" AND WITHOUT WARRANTY BY CANON USA. THE SOLE WARRANTY WITH RESPECT TO SUCH SOFTWARE IS CONTAINED IN THE SOFTWARE MANUFACTURER'S LICENSE AGREEMENT DISTRIBUTED THEREWITH, INCLUDING ANY LIMITATIONS AND DISCLAIMERS THEREOF. PLEASE CONTACT CANON USA IMMEDIATELY IF YOU DIDN'T NOT RECEIVE A COPY OF THE SOFTWARE MANUFACTURER'S LICENSE AGREEMENT.

NO WORLD equipment, including ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, APPLIES TO THE PRODUCT AFTER THE APPLICABLE PERIOD OF THE EXPRESS LIMITED WARRANTY STATED ABOVE, AND NO OTHER EXPRESS WARRANTY OR GUARANTY, EXCEPT AS MENTIONED ABOVE, GIVEN BY ANY PERSON OR ENTITY WITH RESPECT TO THE PRODUCT SHALL BIND CANON USA, OR ITS AFFILIATES. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. CANON USA SHALL NOT BE LIABLE FOR LOSS OF REVENUE OR PROFIT, INCONVENIENCE, EXPENSE FOR SUBSTITUTE EQUIPMENT OR SERVICE, STORAGE CHARGES, LOSS OR CORRUPTION OF DATA, OR ANY OTHER SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES CAUSED BY THE USE, MISUSE, OR INABILITY TO USE THE PRODUCT REGARDLESS OF THE LEGAL THEORY ON WHICH THE CLAIM IS BASED, AND EVEN IF CANON HAS BEEN ADVISED OF

Test 2

Goodman was a moderately successful stockbroker who dreamed of making the big money someday. He took his friend out for a drive, and he chose the route carefully in order to impress on him the possibilities of the brokerage business.

"Look at that yacht," he said as they drove slowly past a marina. "That belongs to the senior partner at Merrill Lynch. The head of Goldman Sachs, owns that one over there. And look at that huge yacht out there. That's the pride and joy of the top seller at Prudential-Bache."

His friend was silent. Goodman turned to look at him and saw a pained look on his face.

"What's the matter?" Goodman asked.

"I was just wondering," his friend said, "why there aren't there any customers' yachts?"

18.3 Matrix–vector product

For the matrix–vector product $w = Au$ we use a *column partitioning* of A. Each processor holds a set M_p (see Section 17) of r columns each of N elements of A and a elements of u. The s elements of u stored by p have a one-to-one correspondence to the s columns of A (e.g. a processor holding element u_{17} also holds the 17-th column of A). Note that whereas we have 1 partitioned by columns among the processors, the matrix–vector product $w = Au$ is computed by *rows*.

The algorithm for computing the matrix–vector product using column partitioning is a generalization of the inner product algorithm discussed in Section 18.2 (without the need for a final broadcast stage). At a given point during the execution of the algorithm each of the P processors is computing a vector of s elements containing partial sums required for the segment of the vector w that is remaining target processor. After this computation is complete each of the P processors stores s vector w. The resulting segment of the matrix–vector product vector which is to be stored in the target processor is obtained by summing together the P vectors as described below

Each processor other than the target processor sends its w vector to one of its neighbouring processors. A processor decides whether to send the vector in either the row or column direction to reach the target processor based on the FEFC algorithm (see Section 16.1.1). If a vector passes through it other processors in its route to the target processor then its vectors are accumulated. Thus the target processor will receive no more than q vectors which when summed to its own w vector yield the desired set of s values of w

18.4 Matrix–vector product – finite difference approximation

We now turn to a preconditioned version of the conjugate-gradient method [7]. Note that we do not need to form A explicitly. The s applies a very low degree of information exchange between the processors which can be effectively exploited with transputers, since the required values of u can be exchanged independently through each link.

The preconditioning used in our implementations is the polynomial preconditioning (see [40], [6], [1] and [32]) which can be implemented very efficiently on a parallel architecture since it is expressed as a sequence of matrix and matrix–vector products.

We have I rows and columns in the discretization grid, which we want to partition among a $P_1 \times P_2$ mesh of processors. Each processor will then carry out the computations associated with a block of $\lfloor I/P_1 \rfloor + \mathrm{sign}\,(I \bmod P_1)$ rows and $\lfloor I/P_2 \rfloor + \mathrm{sign}\,(I \bmod P_2)$ columns of the interior points of the grid.

The matrix–vector product using the column partitioning is highly parallel. Since there is no broadcast / pentium involved, as soon as a processor on the boundary of the grid (either rows or columns) has computed said sum w_i vector then each processor A it can compute the (possibly) send w_i vector to processor B (at which time the neighbouring processors may also have started computing and sending their own w vectors to processor B).

At a given point in the matrix–vector product computation the processors are computing w vectors declared in processor A. When these vectors have been accumulated in the row of that processor (step 3), the processors in the top and bottom rows compute and send the w vectors for processor B while the processors on the left and right columns of the row of processor A send the accumulated w vectors to processor A (step 2). Processor A now stores the sum of the resulting w vector (which is the accumulation of the w_i vectors). In step 5 the processors in the bottom row compute and send the w vectors for processor C while the processor at the left-hand end of the row of processor B sends the accumulated w vectors of that column towards processor B. The next steps are similar to the above

In our implementation, we exploit the geometry associated with the regular grid of points used to approximate the PDE. A geometric partitioning is used to match the topology and connectivity present in the grid of transputers (Section 16.1).

The discretization of the PDE is obtained by specifying a grid size I defining an associated grid of $N \equiv I^3$ interior points (note that this is the order of the linear system to be solved). With each interior point we associate a set of values, namely the coefficients C N S E and H

19 CONCLUSION

We have shown that an iterative method such as the preconditioned conjugate-gradients method may be successfully parallelized by using highly efficient general implementations of the linear algebra operations involved. We have used the same approach to parallelize other iterative methods with similar degrees of efficiency [see [4] and [3]]

MFC-295CN

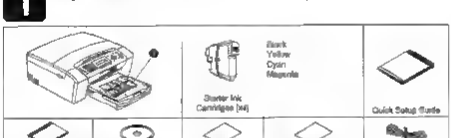
Before you can use the machine, please read this Quick Setup Guide for the correct setup and installation.

⚠ WARNING	Warnings tell you what to do to prevent possible personal injury.
⚠ CAUTION	Cautions specify procedures you must follow or avoid to prevent possible minor injuries.

! IMPORTANT

DO NOT connect the USB cable yet (if you are using a USB cable)

1 Unpack the machine and check the components



! WARNING

Plastic bags are used in the packaging of your machine. To avoid danger of suffocation, please keep these bags away from babies and children.

■ *Most of the illustrations in this Quick Setup Guide show the MFC-295CN.*

a Remove the protective tape and film covering the machine.

b Remove the plastic bag ● containing the ink cartridges from on top of the paper tray.

c Make sure you have all components.

Note

- *The components included in the box may differ depending on your country.*
- *Save all packing materials and the box in case for any reason you must ship your machine.*
- *You need to purchase the correct interface cable for the interface you want to use (for USB or network connection).*

USB cable

Please make sure you use a USB 2.0 cable (Type A/B) that is no more than 6 feet (2 meters) long (cable not included).

Your machine has a USB interface that is compatible with the USB 2.0 specification. This interface is also compatible with Hi-Speed USB 2.0, however the maximum data transfer rate will be 12 Mbit/s. The machine can also be connected to a computer that has a USB 1.1 interface.

Network cable

Use a straight-through Category5 (or greater) twisted-pair cable for 10BASE-T or 100BASE-TX Fast Ethernet Network.

Installment Agreement
You can elect to pay your surcharge in monthly installment payments. You can find your annual "Minimum Installment Payment" on the turn Return voucher on the front of this letter. Your first installment payment must be received by the date given on the front of the notice to prevent suspension of your driving privileges. All future monthly payments will be due the same day of the month as your first due date. Once you start your installment payments, a monthly reminder notice (and/or a return voucher receipt will be mailed to you for your convenience. Failure to receive the monthly reminder does not exempt you from making a monthly installment payment. Should you not receive the reminder or choose to pay in advance, please submit your full name, Texas driver license ID number and the reference number for processing of any payments. **If you default on your installment agreement, your driving privileges will be suspended.**
You may pay more than your minimum monthly payment; however, you may not prepay for subsequent installment payments. **You will be required to assess a balance on installment payment each month by your due date unless the balance is paid in** full. Any excess amount paid above the minimum due for the month will be credited to the balance of your surcharge.

Surcharge payments are based on "cycle billing" which requires payments be posted within a particular date range to count for each month's payment. The first minimum payment applied to an account automatically begins an installment agreement. The cycle billing formula requires that a min mum payment be made to each account in an installment agreement on a date no later than 30 days before and no later than 30 days past the due date on each account. An overpayment or multiple payments honored in one "cycle" will reduce the balance, however a minimum payment will still be due for the next "cycle". A payment not made in the next cycle will result in a default and suspens on of driving privileges.

General Information
Surcharge assessments are cumulative and are in addition to fines and fees assessed by the court and/or reinstatement fees required for other administrative actions. You will be notified annually if you have a qualifying conviction.

In conjunction with the fees stated below, the statute authorizes the collection of service fees. The entire amount listed on the Total Surcharge Tue (provided on the front of this letter) plus the $2.50 partial payment fees and the fraternal payment check fee, plus service fees must be paid to prevent the suspension of you r driving privileges. A fee of $30.00 will be assessed to your surcharge account for any dishonored check or money order presented as payment. You w ll be requ red to pay any fee(s) associated with a dishonored check or money order in full before your surcharge account will be updated as completed. We may represent any returned check, electronic debit or money order received in accordance with state and federal laws in an effort to collect outstanding fees. Only checks or money orders drawn on United States banks will be accepted for payment. Please do not mail cash
Pursuant to Texas Transportation Code, Chapter 708, the Department of Public Safety will assess a surcharge when a driver history record indicates:

Point Sysems
An accumulation of six or more points during a three-year period will result in an annual assessment of $100 for the first six points and $25 for each additional point accrued.
- Two points for a moving violation conviction in Texas or that of another state.
- Three points for a moving violation conviction in Texas or that of another state that resulted in a vehicle crash.

Points accrued results on the driver record for a period of three years from conv ction date. An offense committed prior to September 1 2003 will not apply to the assessment of points under the program. A list of violations that will be assigned points can be found online at www.texasthepointsonline.com under the F.A.Q. section. The surcharge assessment will be reviewed annually and if the record continues to reflect six or more points during the prior three-year period, the surcharge will be reassessed. Drivers may be required to pay one or more years.

Intoxication Offenses Surcharges.
Driving while intoxicated offenses is defined in Penal Code 49.09 will result in an annual assessment of a surcharge for three consecutive years.
- First time Intoxication offense/conviction occurring in this state or another state will result in an annual assessment of $1000 ($2000 if alcohol analysis is determined to be ll 16 or greater). A subsequent offense/conviction will result in an annual assessment of $1500

Failure to Maintain Financial Responsibility and for Driving While License Invalid:
- Each conviction will result in an annual assessment of $250 for three consecutive years.

Driving Without a Valid License (No DL Offense);
- Each conviction will result in an annual assessment of $100 for three consecutive years.

For more information on the Driver Responsibility Program visit online at www.txsurchargeonline.com.

INSTALLMENT AGREEMENT If you cannot pay our surcharge in full, you may make monthly partial payments as outlined below. Each partial payment must be accompanied by an additional $2.50 per payment. **This includes the final payment.** To prevent the suspension of your driving privileges, your initial payment due including the $2.50 partial payment fee, must be received by the date given on the front of this letter. Check one box. No other installment plans are available. You may pay your balance in fewer payments.

snickerdoodle blondies

Yield: 20 to 24 bars

Prep Time: 30 min Cook Time: 25 min

ingredients

Cookies:
2 2/3 cups all-purpose flour
2 teaspoons baking powder
1 teaspoon ground cinnamon
1/4 teaspoon ground nutmeg
1/2 teaspoon cream of tartar
1 teaspoon salt
2 cups brown sugar, packed
1 cup salted butter, at room temperature
2 large eggs, at room temperature
1 tablespoon vanilla extract
1 cup cinnamon chips, optional

Topping:
2 tablespoons granulated white sugar
1 teaspoon ground cinnamon
pinch of nutmeg

Glaze (optional):
1 cup powdered sugar, sifted
1 teaspoon ground cinnamon
1/4 cup heavy whipping cream
1 teaspoon vanilla extract

directions

1 Preheat oven to 350 degrees F. Spray 9x13-inch pan with nonstick spray. Line pan with parchment and let it hang over the sides. Spray parchment with nonstick spray too.

2 In a medium bowl, whisk together flour, baking powder, cinnamon, nutmeg, cream of tartar and salt; set aside.

3 In a large bowl, cream together butter and brown sugar with an electric mixer (I go to 5 minutes). Mix in eggs, one at a time then vanilla. Keep beating until mixture is smooth.

4 Stir in flour mixture until well blended. If using cinnamon chips, stir them in now. The batter will be thick. Spread it evenly into the prepared pan. Spray your hands with cooking spray and use them to pat the mixture down evenly.

5 Combine the topping ingredients in a small bowl; sprinkle evenly on top of batter.

6. Bake 20 to 25 minutes or until surface springs back when gently pressed. Let pan cool completely.

7 When ready to cut, use ends of parchment paper to lift out baked bars. Place on a cutting board. If you're adding the glaze, whisk the glaze ingredients in a medium bowl and drizzle onto the bars in decorative fashion. Let glaze set (this will work more quickly in the refrigerator) then use a large, sharp knife to cut into bars.

tips:

*You don't have to use parchment paper in your pan if you don't have any. You can always just bake them in the pan and then cut them and lift them out. Baking w/ parchment though will help you to get the cleaner cuts seen in the photograph because you can take the whole thing out of the pan and work directly on a cutting board.
*This is a very sweet treat. Leave off the glaze if you wish, but I added a grand flavor to the top (and you can get a nice dosage out of it). Put the glaze in a ziploc zip bag, snip off the end and you'll have a way to squirt the glaze on in whatever decorative way you'd like.
*If you have chunky white sparkling sugar, add that to the top for an extra sparkle.

BILLING ERROR RIGHTS STATEMENT

This notice contains important information about your rights and responsibilities under the Fair Credit Billing Act.

1. **Notify Us in Case of Errors or Questions About Your Bill.**
If you think your bill is wrong, or if you need information about a transaction on your bill, write us on a separate sheet at the address listed on your bill. Write to us as soon as possible. We must hear from you no later than 60 days after we sent you the first bill on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights. In your letter, give us the following information:

* Your name and account number.
* The dollar amount of the suspected error.
* Describe the error and explain, if you can why you believe there is an error. If you need more information, describe the item you are not sure about.

If you have authorized us to pay your bills with your credit card we will automatically transfer the funds from your savings or checking account) you can stop the payment on any amount you think is wrong. To stop the payment your letter must reach us in three business days before the automatic payment is scheduled to occur.

2. **Your Rights and Our Responsibilities After We Receive Your Written Notice.**
We must acknowledge your letter within 30 days unless we have corrected the error by then. Within 90 days, we must either correct the error or explain why we believe the bill was correct.

After we receive your letter, we cannot try to collect any amount you question, or report you as delinquent. We can continue to bill you for the amount you question, including late charges, and we can apply any unpaid amount against your credit limit. You do not have to pay any questioned amount while we are investigating, but you are still obligated to pay the parts of your bill that are not in question.

If we find that we made a mistake on your bill, you will not have to pay any late charges related to any questioned amount. If we didn't make a mistake, you may have to pay late charges, and you will have to make up any missed payments on the questioned amount. In either case, we will send you a statement of the amount you owe and the date that it is due.

If you fail to pay the amount that we think you owe, we may report you as delinquent. However if our explanation does not satisfy you and you write to us within ten days telling that you still refuse to pay, we must tell anyone we report you to that you have a question about your bill. And, we must tell you the name of anyone we reported you to. We must tell anyone we report you to that the matter has been settled between us when it finally is.

If we don't follow these rules, we can't collect the first $50 of the questioned amount, even if your bill was correct.

3. **Special Rules for Credit Card Purchases.**
If you have a problem with the quality of property or services that you purchased with a credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the property or services. There are two limitations on this right:
(a) You must have made the purchase in your home state or if not within your home state within 100 miles of your current mailing address, and
(b) The purchase price must have been more than $50.

These limitations do not apply if we own or operate the merchant or if we mailed you the advertisement for the property or services.

4. **A CR sign after any balance indicates a credit balance in your favor.**

5. **You are entitled to pay your entire balance at any time.**

6. **TERMS**
To avoid additional FINANCE CHARGES we must receive payment within 30 DAYS of Transaction. We figure the FINANCE CHARGE by applying a PERIODIC RATE of 1.5% per month (ANNUAL PERCENTAGE RATE OF 18% in CT, PA, and NH) and PERIODIC RATE of 1.75% per month (ANNUAL PERCENTAGE RATE of 21% in NY, MD and VA)

Cell phones and radiation: The 10 highest- and lowest-emitting models

(CNN) -- Cell phone users -- a group that these days, means practically everybody -- are no doubt concerned about Tuesday's news that the World Health Organization (WHO) classifies cell phones as "possibly carcinogenic to humans."

The phones themselves aren't necessarily harmful. It's the radiation emitted by the phones -- and absorbed by the human body -- that troubles some doctors.

But when it comes to radiation levels, all phones aren't equal. Below are that of the models available from major carriers that emit the highest and lowest levels of radiofrequency energy.

A quick explanation of the numbers: They refer to the "specific absorption rate" or SAR, a common benchmark that measures the rate of radiofrequency energy your body gets from the phone. The lower the number, the lower the radiation exposure. For a phone to be certified by the FCC and sold in the U.S., for example, its maximum SAR level must be less than 1.6 watts per kilogram.

But keep in mind that these are only ballpark figures. Your actual exposure will depend on how you use your phone, your carrier and network-specific conditions. For example, when your connection is weak, your cell phone needs to send out more radiation to reach the cellular tower.

And there's still no conclusive evidence that a phone with a higher SAR level poses a greater health risk -- or any health risk at all -- than a model that emits less radiation.

(These lists were compiled by the Environmental Working Group, a lobbying group that advocates on behalf of public health and the environment, based on data provided by the phone manufacturers. The data are up to date as of December, which means some newer models aren't listed. For the group's full list of phone models, click here.)

Lowest radiation levels:

1. LG Quantum (AT&T): 0.36 watts per kilogram
2. Casio EXILIM (Verizon Wireless): 0.53 W/kg
3. Pantech Breeze II (AT&T, AT&T GoPhone): 0.55 W/kg
4. Sanyo Katana II (Kajeet): 0.56 W/kg
5. Samsung Fascinate (Verizon Wireless): 0.57 W/kg
6. Samsung Mesmerize (CellularONE, U.S. Cellular): 0.57 W/kg
7. Samsung SGH-a197 (AT&T GoPhone): 0.59 W/kg
8. Samsung Contour (MetroPCS): 0.60 W/kg
9. Samsung Gravity T (T-Mobile): 0.62 W/kg
10. (tie) Motorola i680 (Sprint); Samsung SGH-T249 (T-Mobile): 0.63 W/kg

Configuring your Phone

Configuring via Web user interface

Accessing the Web user interface

1. Press the IP# key when the phone is idle to get the IP address of your phone.
2. Open the Web browser of your computer, enter the IP address into the address bar (e.g. "http://192.168.0.10" for "192.168.0.10") and click Enter.
3. Enter the user name (default: admin) and password (default: admin) in the pop-up dialogue box and click OK.

Note: Please locate your computer in the same network segment of the IP phone (192.168.0.x), to access the Web user interface. Contact your system administrator for more information.

Network Settings: Click on Network->Basic->Internet Port

You can configure the network settings in the following ways:

DHCP: By default, the phone attempts to connect a DHCP server in your network in order to obtain its initial network settings, e.g. IP address, subnet mask, gateway, DNS server.

Static IP Address: If your phone can not connect a DHCP server for any reason, you need to configure IP address, subnet mask, default gateway, primary DNS and secondary DNS for the phone manually.

PPPoE: If you are using an xDSL modem, you can connect your phone to the Internet via PPPoE mode. Contact the ITSP for the account and password.

Note: The wrong network settings may result in inaccessibility of your phone and may have an impact on the network performance. Contact your system administrator for more information.

Account Settings: Click on Account->Account X (X=1,2,3,4,5,6)

Parameter of the account:

Register Status	It shows the register status of the current account.
Account Active	You can select Enabled/Disabled to enable/disable the account.
Label	It is shown on the LCD to identify the account.
Name	It is shown as Caller ID when placing a call.
User Name	It is provided by ITSP for registration (required).
Register Name	It is authentication ID for authentication provided by ITSP (required).
Password	It is provided by ITSP for registration (required).
SIP Server	It is provided by ITSP for registration (required).

Register status icons on the LCD screen:

Registered | Register Fail | Registering

Note: Check with your system administrator if any error appears during the registration process or if a specific configuration is required for your registration.

Configuring via phone user interface

Network Settings:

Press the **Menu** soft key when the phone is idle, select **Setting->Advanced Settings (password: admin) ->Network->WAN Port/PC Port/VLAN/Wideband Type/802.1x/PPH** to configure the network settings.

Account Settings:

Press the **Menu** soft key when the phone is idle, select **Setting->Advanced Settings (password: admin) ->Accounts** to configure the account settings.

Note: Refer to "Configuring via Web user interface" for the parameter information.

(After Rebuttal)
Crossfire Qs (for Negation)

1. Because society is increasingly globalized and people are more global citizens, shouldn't it be our duty to address refugees especially because they are in need?
2. Because governments are based on ethics and morals is it morally just to neglect the humanitarian needs of refugees?

My partner Sherlin and I affirm the resolution In response to the current crisis a government should prioritize the humanitarian needs of refugees over its national interest

For clarification we define the following terms.
Prioritize specifically the necessary actions qualified in the event that a government should choose between humanitarian needs and national interest.

Humanitarian Needs refers to specific quantity and quality of goods to a group of beneficiaries, according to selection criteria that identify needs and target those that are least able to provide for themselves
http://humanitariancoalition.ca/info_portal/factsheets/humanitarian-needs

National interest is a country's goals and ambitions whether economic, military, or cultural.

https://en.wikipedia.org/wiki/National_interest

Contention 1 **By prioritizing humanitarian needs of refugees, a crisis from disease and infection can be prevented**
Humanitarian crises are infectious and can further spread to the public and cause a national crisis They can destabilize entire regions. As a result they need to be addressed as soon as possible. If the health of refugees is not prioritized, more money, time, and effort will be employed to resolve the issue of diseases diffusing. Specifically, the humanitarian organization, Mercy Corps has conducted studies that have shown the lack of clean water, medical care, and sanitation in crowded makeshift settlements is an urgent concern. This study has shown that with lack of care of refugees, diseases like cholera and polio can easily spread and that even more life-threatening diseases can occur without adequate medical services. To those who are not vaccinated such diseases can prove to be fatal

Contention 2 **By prioritizing humanitarian needs of refugees, an economic stimulus may be generated**
An economic stimulus may be generated by the presence of refugees and can lead to the opening and development of the host regions. This stimulus takes place inter alia, through the local purchase of food, non-food items, shelter materials by agencies supplying relief items, disbursements made by aid workers the assets brought by refugees themselves as well as employment and income accrued to local population, directly or indirectly, through assistance projects for refugee areas. Additionally, refugee agencies, such as the UNHCR and USA for UNHCR, provide assistance to those who are housing refugees. Such assistance may include equipment supply, capacity building and related training components

Contention 3 **Social problems can occur if the humanitarian needs of refugees are not prioritized**

[57] ABSTRACT

Methods and apparatus for combining a plurality of channels of audio program information into two composite signals suitable for recording or transmission on a medium having only two independent tracks, and for presentation over the two loudspeakers of stereophonic playback apparatus which in the same time will retain of decoding into a plurality (e.g., four) separate signals corresponding to the originally encoded signals for transmission over corresponding loudspeakers. The two composite signals respectively contain input signals intended for presentation on loudspeakers positioned at the left front and right front corners of a listening area, and both components signals contain, at essentially equal levels, signals intended for presentation on loudspeakers positioned in the left back and right back corners of the listening area. The encoder includes all-pass phase-shifting networks designed to maintain all frequencies in the frequency range of interest within any quadrant to cause the left back and right back components of one composite signal to be in quadrature relationship with corresponding components in the other composite signal.

Auto Summarize

If you have text to read on your computer like an article from the internet, then you can use AutoSummarize to help pick out the most important information. You will still be responsible for the information, however this may help you determine the main idea of the article. This should be used with your teacher's permission and guidance.

1. Select "Tools" tab
2. Go to "Auto Summarize"
3. Select "Type of Summary"
4. Click "OK"
5. A new document will open
6. The original document will still be open

Windows® Fax and Scan

One place to scan or fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

Mother-of-Six

A man has six children and is very proud of his achievement. He is so proud of himself that he starts calling his wife, Mother-of-Six, in spite of her objections.

One night, they go to a party. The man decides that it's time to go home and wants to find out if his wife is ready to leave as well. He shouts across the room at the top of his voice, "Shall we go home Mother-of-Six?"

His wife, irritated by her husband's lack of discretion shouts right back, "Anytime you're ready, Father-of-Four."

This is NOT a test — Just the FAX, ma'am! No trees were harmed in creating this FAX.

Now is the time to test a printer's fax hook-up.

VACCINE INFORMATION STATEMENT

Influenza (Flu) Vaccine (Inactivated or Recombinant): *What you need to know*

Many Vaccine Information Statements are available in Spanish and other languages. See www.immunize.org/vis

Hojas de información sobre vacunas están disponibles en español y en muchos otros idiomas. Visite www.immunize.org/vis

1 Why get vaccinated?

Influenza ("flu") is a contagious disease that spreads around the United States every year, usually between October and May.

Flu is caused by influenza viruses, and is spread mainly by coughing, sneezing, and close contact.

Anyone can get flu. Flu strikes suddenly and can last several days. Symptoms vary by age, but can include:

- fever/chills
- sore throat
- muscle aches
- fatigue
- cough
- headache
- runny or stuffy nose

Flu can also lead to pneumonia and blood infections, and cause diarrhea and seizures in children. If you have a medical condition, such as heart or lung disease, flu can make it worse.

Flu is more dangerous for some people. Infants and young children, people 65 years of age and older, pregnant women, and people with certain health conditions or a weakened immune system are at greatest risk.

Each year thousands of people in the United States die from flu, and many more are hospitalized.

Flu vaccine can:

- keep you from getting flu,
- make flu less severe if you do get it, and
- keep you from spreading flu to your family and other people.

2 Inactivated and recombinant flu vaccines

A dose of flu vaccine is recommended every flu season. Children 6 months through 8 years of age may need two doses during the same flu season. Everyone else needs only one dose each flu season.

Some inactivated flu vaccines contain a very small amount of a mercury-based preservative called thimerosal. Studies have not shown thimerosal in vaccines to be harmful, but flu vaccines that do not contain thimerosal are available.

There is no live flu virus in flu shots. **They cannot cause the flu.**

There are many flu viruses, and they are always changing. Each year a new flu vaccine is made to protect against three or four viruses that are likely to cause disease in the upcoming flu season. But even when the vaccine doesn't exactly match these viruses, it may still provide some protection.

Flu vaccine cannot prevent:

- flu that is caused by a virus not covered by the vaccine, or
- illnesses that look like flu but are not.

It takes about 2 weeks for protection to develop after vaccination, and protection lasts through the flu season.

3 Some people should not get this vaccine

Tell the person who is giving you the vaccine:

- **If you have any severe, life-threatening allergies.** If you ever had a life-threatening allergic reaction after a dose of flu vaccine, or have a severe allergy to any part of this vaccine, you may be advised not to get vaccinated. Most, but not all, types of flu vaccine contain a small amount of egg protein.
- **If you ever had Guillain-Barré Syndrome (also called GBS).** Some people with a history of GBS should not get this vaccine. This should be discussed with your doctor.
- **If you are not feeling well.** It is usually okay to get flu vaccine when you have a mild illness, but you might be asked to come back when you feel better.

HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax hardware using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

NOTE:

Faxing requires a standard phone line with a dial tone. To use a fax machine over cellular service (your cell phone) or PBX, you must first connect an analog telephone adapter (ATA). An ATA is a hardware device that mimics a standard analog phone line and provides a dial tone. Before purchasing an ATA, make sure it is compatible with faxing and your phone service.

Test your fax machine

To test the capability of your fax machine, follow the directions below:

NOTE:

Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE:

Whenever troubleshooting a fax issue, it is good practice to set the **Automatic Reports** option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the **HP Test Fax Service**, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Continue to the next section to run a fax test or consult the user manual that came with the product for proper setup and configuration.

NOTE:

The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

If you would prefer to FAX in your nominations, here's a handy list you can print out, if you like
FAX it 1-909-363-7314 (no cover sheet required)

~~~~~~~~~~

+ **REST DAILY "MUST READ" POSTER**–Nobody on ROTW is a "must read."
+ **MOST INSPIRATIONAL POSTER** Bullwinkle (NOT Bullwinkle), the poster with multiple sclerosis for her MS fund-raising walk. Second – Pastor Moe
+ **MOST PROLIFIC POSTER** MinDudeKen. Never bumped into a thread he couldn't post in or start.
+ **MOST LIKELY TO GET BANNED** Sabro, for intelligence and reason. It's amazing he has lasted
+ **POSTER YOU WOULD MOST LIKE TO MEET IN PERSON** None. Not a single one
+ **MOST COMMUNITY-ORIENTED POSTER** SherryMendel who posted as 2MomsMom until early this year. She was the one who had the idea of putting Christmas lights on Crestline businesses and she bought them and had them installed. She was also instrumental in establishing the model boat area on Lake Gregory. More than those, she held a toy giveaway at Christmas for needy children and launched Entertaining Angels Underwater which got food and distributed it to hungry families. The little gaggle of ROTW women who drive people off the board did it to Sherry after one of them approached her for a sizeable personal handout and she refused, having some financial issues of her own. It wasn't the first time she said that other ROTWers also hit her up for money. The begging and the backbiting changed her attitude toward the mountain, plus the fact that soon after the ROTWers hit on her, her password didn't work anymore. By summer, she and her husband had left their home and business building in Crestline and moved 80 miles or so away. I don't know Sherry and now I probably never will, and at times I didn't appreciate the way she took the greatest thing and other people didn't, but as the "most community-oriented poster" she was truly outstanding. Her moving away was a real loss to the community and what happened to make her go is, unfortunately, a typical result of the world net experience
+ **MOST INFORMATIONAL POSTER** Nonesup. Unfortunately. It passed off the dummy crowd. And now y'all miss his chain-installation lessons at the park.
+ **REST SENSE OF HUMOR.** Architect. He doesn't get mad, he gets even, and half the time it's done so subtly that it sails over the targets' heads
+ **PERKIEST POSTER.** Thin little bunt of sunlit oxygen who love each other and hurt everybody else.
+ **MOST SPELLING-CHALLENGED** JMOTH MoonofDJ, ForgetMeNot_FC, and the list went on. There are so many, you should award a trophy to someone who *isn't* spelling-challenged
+ **MOST PROLIFIC THREAD HI JACKER** MinDudeKen
+ **POSTER YOU MOST LOVE TO HATE.** Forget Me Not by a mile. OMG that woman's brainless. Piles on at the slightest and gossip swaps, claims not to be able to look up news online, switches opinions to whichever is most popular, begs for expensive freebies but takes expensive vacations, works out her sustenance and then gets all teary-eyed when she can be last say which way. Need I say more? Icky-icky-icky! (Second: the nasty fool mouthed Peg.) (Third: Sorry about this, but it's you, MinDudeKen. The sucking up, hijacking and sheer volume of posts get incredibly annoying.)
+ **MOST HELPFUL POSTER.** Dairiand was consistent and remains about it.
+ **REST OVERALL GAME-PLAYER** Architect
+ **REST OVERALL DEBATER** Sabro. He does it with facts. LaVistorra is pretty good, too
+ **MOST COMPASSIONATE POSTER** Sabro. He makes his points without beating up other posters.
+ **REST ARTS POSTER (Music/Writing)** LeeHecht for his pretty nature snapshots
+ **BEST POSTER MOUNTAIN RECIPES** The one who owns the recipe forum (Coral?)
– **ROTW net HUMANITARIAN AWARD:** All the posters concerned about the bus crash early in the year that killed the driver – until they learned the bus was from a Korean church. Suddenly the conversation ended.
– **ROTW net SPECIAL ACHIEVEMENT AWARD**– Rookie girl for the most spectacular exit ever
+ **ROTW net SPECIAL ACHIEVEMENT AWARD** The unreissasshe fake EMS guy when the amnesia boy wandered away from his school in Twin Peaks
– **ROTW net FOUNDERS TROPHY** Tie. I dun up to Scott to decide?
+ **2011 POSTER OF THE YEAR** Dave it., for posting under many screen names "chumbering down" the board by banning and blocking posters and defending the Allen Kephardt press release fiasco. To have a site owner pull so many underhanded tricks on his own community is worthy of remembrance

The Future

There is no way today for a patient to compare the value of health care systems. In the future, people will get online and see that Well-Life's heart transplant success rates and infant death rates are among the highest in the area. Likewise, physicians and hospitals will know the outcomes of their work as well.

Subject: Density

[illegible] press [illegible] part in a densitometric computations can yield density cards corresponding to densitometer density as [illegible] if the keycode used involves E.N.D conversions, the d[illegible] cards [illegible] through a separate conversion program [illegible] densities plotted. In any case, cards corresp[illegible] [illegible] punched, while the average of the [illegible]

I propose to change the system so that when density card output is required, only tabulated densities are punched out. In the normal case there would simply be the average densities. If the keycode called for E.N.D. conversion, it would be the E.N.D. densities that are punched out. If the [illegible] down, e.g. because of range check failure, we would get cards punched out for individual strips, since individuals are choice in that case.

Welcome to

Windows® Fax and Scan

Create and send faxes or scan documents

FAXING You can send and receive faxed documents on your computer without using a fax machine. You can also print or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer connects to a wired modem, connect the phone line to the modem. If not, connect the phone line to a wall jack.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the Fax Setup wizard to enter your personal information and configure your fax settings.

To learn more about faxing, click the **Help** button, and then search for the topic you want help with.

SCANS When you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files by using the scanning wizard.

To get started:

1. Connect the scanner to your computer, and then turn on the scanner. (If you already have a scanner connected to your computer, make sure that it is turned on.)

2. In Windows Fax and Scan, on the toolbar, click **New Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings that work best for the item you're scanning, and then click **Scan**.

Scanned pictures are saved in the Scanned Documents folder in your Pictures folder by default. You can change this location by clicking **Options** on the toolbar.

results of this study should be interpreted in the context of all clinical and laboratory findings. As therapeutic options should be taken based solely upon these results. A "Not Detected" result may indicate the presence of an EGFR mutation below the detection limit of this assay. KRAS, MET and ALK mutations also affect the effective treatment of patients with NSCLC and should be considered by treating physicians. KRAS mutations are associated with increased resistance to TKIs affecting the downstream pathway. MET mutations are associated with increased resistance to TKIs by providing an alternate from T790M resistance. ALK mutations are indicative of an increased sensitivity to ALK inhibitors.

Windows® Fax and Scan

One place to scan and fax your documents

FAX: You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server, or one of a modem, connect your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN: After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan.**

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1 855 329-1239 (a toll free number in the United States.) When it's finished transmitting, point your web browser to fax.fax — you'll see a web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine point your web browser to fax.fax: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Meanwhile in a medium mixing bowl, mix the ricotta, coconut milk, shredded coconut and agave With a rubber spatula, gently fold them together to fully combine Remove the cake from its pan and place in desired glass dish with high sides. Evenly spread half of the whipped topping mixture on top of the cake (Layer 2).

In a large resealable bag, combine the oats, flaxseeds and walnuts. Seal the bag and shake well Sprinkle half of the mixture evenly over the ricotta (Layer 3) then top with the berries to cover the whole cake surface (Layer 4)

Repeat all 4 layers with the other half of the ingredients Using a vegetable peeler shave the bittersweet chocolate decoratively over the top (Layer 5) Serve dessert by scooping portions of the cake and all its layers into shallow bowls

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software and operating systems. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

RE: **UM/UIM Claim & Medical Payments Claim**
Our Client: Shane Ewing
Your Insured: Santa
Date of Loss: 8/12/2013

Dear Sir or Madam

This is to advise you of our representation of Shane Ewing for injuries and damages sustained on 8/12/2013 in the subject incident.

If the policy provisions of your insured's policy require a demand for arbitration we are hereby making a demand for arbitration. Should your policy provisions require some other method of dispute resolution such as a direct law suit in lieu of arbitration please advise us accordingly and further advise us of the time period in which the act on must be filed.

In the interim we can hold the hearing in abeyance to explore the possibility of an amicable settlement of this claim. **Any payments made, either to our client and/or directly to a medical provider, including any electronic fund transfer, must be done with our written consent or sent to our Akron office.**

As soon as we have accumulated all the necessary information we will be contacting you. In the interim, please acknowledge receipt of our letter of representation and **send us a certified copy of our client's policy which was in effect on the date of loss including the applicable declaration page with all endorsements.** Further please advise us of the applicable Uninsured/Underinsured & Medical Payments limits available.

Very truly yours

TZU THÉ
REVOLUTIONIZING THE GREEN TEA EXPERIENCE

Check out Booth #4448 at this year's Winter Fancy Food Show to find Tzu Thé's 100% Natural, EGCG Rich Green Tea, Nutriton Bars and Innovative Accessories

(Atlanta GA)- This year the tea market reached a whopping 5.1 billion dollars in sales, inevitably leading to an immense amount of specialty gourmet supermarket natural foods, and gift basket buyers trying to get their hands on a piece of this golden pie. However what will truly make a tea stand out in this overcrowded market is not only quality, but versatility and convenience. When looking for such a tea look no further than **Tzu Thé at Booth #4448 at the NASFT Fancy Food Show in San Francisco.** With their world class packaging **Tzu Thé** offers healthy convenient and fashionable green tea products for any lifestyle making it truly "revolutionary."

Tzu Thé's beautiful innovative and unique packaging will draw the consumer's eye directly to this product on the shelves. **Tzu Thé** is the first green tea company to offer the single-serving T-POD™ filled with premium loose dry green tea leaves that are pesticide-free and packed full of EGCG[1]. These convenient individual tea pods make drinking green tea easy for consumers on-the-go. For even more convenience **Tzu Thé** has introduced a line of accessories. The first is the T-Buddy™ a "Two Headed" portable tea bottle with a built in infuser that doubles as a tea mug and a tea pot for hot or cold beverages on the go. The second is T2-GO a steeping device that snaps on to standard 12oz and 16oz hot paper cups.

Tzu Thé has also combined all the health benefits of green tea with the popularity and convenience of food bars, creating the innovative T Bar™. The T Bar™ is a raw, whole food, green tea nutrition bar that has been cold processed, promoting optimum enzyme activity. These vegan-friendly bars contain

[1] The most potent form of antioxidant, providing health benefits that may help to reduce risks of cancer and tumors, lower cholesterol, help with digesting excess fat, and even protect against the common cold virus.

THIS IS A TEST

Because navigating to the Start screen and typing *powreach* time I want to launch Windows PowerShell is a bit cumbersome. I prefer to Pin the Windows PowerShell console (and the Windows PowerShell ISE) to both the Start page and to the Windows desktop taskbar. This technique of pinning shortcuts to the applications provides single click access to Windows PowerShell from wherever I may be working.

Topic: Printing Your Return TaxACT Online

Year help topic for Example: 2012

So the security gives you personal information, a printed copy of your TaxACT Online return is only available by opening into your account and printing "yourself". We cannot mail, fax, or email a paper or electronic copy.

Using your Online account, the print process will generate a Portable Document Format (PDF) file which can be viewed and saved from a PDF reader.

IMPORTANT: You must first have [illegible] installed

Printing Your Return

1. Go to [illegible] (clicking the blue will open a new window).
2. In the upper right corner of the page, click on the green Sign In button.
3. Either enter your Username and Password or your current year's return will click on Access Prior Year Returns as indicated below.

137k

If you choose to print your prior year return, yourself is prompted for the specific tax year's return you wish to access.

3. Sign in with your Username and Password.
4. Once the return is loaded at the upper right of the page, click on the Print link.
5. Choose the print option which best suits you:

   Print Page Return This option will print all forms required to file your return by mail

   Print Return & Instructions This option will print a copy of your return and the filing instructions. All the instructions will be sent to you after your return has been submitted to TaxACT.

6. Once you choose the form you wish to print and to file it, it will be generated and available to "Click the link below to view/print your [illegible] which form you created/signed.
7. Click on that link to open the return in PDF format
8. Once the reader has loaded and the return is displayed, select the Print button within the reader program

Printing Individual Forms

1. Follow the sign-on instructions to numbers 1 - 4 above.
2. Once the return is loaded, in the upper right of the page, click on the Print link.
3. Click on Print individual Forms.
4. Navigate to the specific tax form you wish to print using the Windows open form navigation and click on the Form name.
5. Next click the Print button and the copy of the form you would like to print. Some forms have multiple copies where only one
6. Now click the link provided to generate the PDF copy of the form.
7. Close the reader when loaded, and the return is displayed. Now click the Print button within the reader program

Marsha's Terrible Job Interview

Marsha had a job interview with the Sunshine Biscuit Company last Monday. Her appointment with the interviewer was for 10:00 am. She had forgotten to set her alarm clock, so she woke up at 9:30 am and got to the interview an hour late, at 11:00 am.

Because she woke up so late, she didn't have much time to get ready. She took a quick shower and put on the first dress that she found in her closet. It was a very short dress that showed a little too much, the kind of dress a woman wears when she's trying to attract a boyfriend at a cocktail party. She also put on a lot of very cheap perfume, the kind you can smell down the street.

She left the house without eating breakfast and she ran to the bus stop. The bus was late in coming, but she didn't want to spend the money on a taxi. When she finally got to the Sunshine Biscuit company, she ran into the building and ran into the interviewing office. She ran up to the secretary's desk and screamed, "I'm here! My bus was late!" The secretary was a bit surprised, but asked her who she was and what time her appointment was for. Marsha answered, "I'm Marsha and my interview is for right now." Of course, it was already 11:00 am and her interview had been scheduled for an hour earlier.

The secretary called the interviewer, Mr. Green, on the intercom and he told her to send Marsha in.

Marsha was chewing gum as she entered the office. She took a seat without saying anything to Mr. Green. Mr. Green was slightly surprised to see Marsha act so boldly, even though she was an hour late. He introduced himself and asked how she was. She said that she was feeling lousy and that the public transportation in the town was awful. He asked her what kind of position she was looking for, and if she had a resume. She said that she had no resume because she didn't have time to write one. She also had no idea of what kind of job she wanted; she just wanted one that paid well. He asked her if she had any questions for him, and she asked him if she could have Wednesday afternoons off so that she could see her psychiatrist. She also asked him if the company gave at least a two-week vacation. He asked her what skills she had and she answered that she could type, but that she couldn't take a typing test because tests made her nervous.

Mr. Green thanked Marsha for coming, and she asked, "Do I get a job or not?" He said that he would call her if there was an opening, and she said, "Well, hurry please, because I'm broke and I can't pay the rent."

results of this study should be interpreted in the context of all clinical and laboratory findings. As therapeutic options should be taken based solely upon these results. A "Not Detected" result may indicate the presence of an EGFR mutation below the detection limit of this assay. KRAS, MET and ALK mutations also affect the effective treatment of patients with NSCLC and should be considered by treating physicians. KRAS mutations are associated with increased resistance to TKIs affecting the downstream pathway. MET mutations are associated with increased resistance to TKIs by providing an alternate from T790M resistance. ALK mutations are indicative of an increased sensitivity to ALK inhibitors.

The fax detects an active telephone line — Fail

An active phone line was not detected

Please check the items below and then rerun this test

HP recommends using the telephone cord that came with the product

Verify that the fax cord is securely connected between the telephone jack and the product (or another device that is connected to the product)

Disconnect the product from the jack in the wall and then connect a telephone to the jack. Try to make a voice call to verify that the telephone line is working

Connect the product to a different phone line

Try a different phone cord

Remove any phone line splitters that are in use

Ensure that a filter is installed if using DSL

Instructions on how to rerun this test

Step 1: Press the [Setup] button
Step 2: Select "Service"
Step 3: Select "Fax Service"
Step 4: Select "Run Fax Test"

Student Supplement 2—The Patient's Bill of Rights

The Patient's Bill of Rights was adopted by the American Hospital Association in 1973 and revised on October 21, 1992

Introduction

Effective health care requires collaboration between patients and physicians and other health care professionals. Open and honest communication, respect for personal and professional values, and sensitivity to differences are integral to optimal patient care. As the setting for the provision of health services, hospitals must provide a foundation for understanding and respecting the rights and responsibilities of patients, their families, physicians, and other caregivers. Hospitals must ensure a health care ethic that respects the role of patients in decision making about treatment choices and other aspects of their care. Hospitals must be sensitive to cultural, racial, linguistic, religious, age, gender and other differences as well as the needs of persons with disabilities.

The American Hospital Association presents A Patient's Bill of Rights with the expectation that it will contribute to more effective patient care and be supported by the hospital on behalf of the institution, its medical staff, employees, and patients. The American Hospital Association encourages health care institutions to tailor this bill of rights to their patient community by translating and/or simplifying the language of this bill of rights as may be necessary to ensure that patients and their families understand their rights and responsibilities.

Bill of Rights

These rights can be exercised on the patient's behalf by a designated surrogate or proxy decision maker if the patient lacks decision-making capacity is legally incompetent, or is a minor.

1. *The patient has the right to considerate and respectful care.*
2. *The patient has the right to and is encouraged to obtain from physicians and other direct caregivers relevant, current, and understandable information concerning diagnosis, treatment, and prognosis.*

   Except in emergencies when the patient lacks decision-making capacity and the need for treatment is urgent, the patient is entitled to the opportunity to discuss and request information related to the specific procedures and/or treatments, the risks involved, the possible length of recuperation, and the medically reasonable alternatives and their accompanying risks and benefits.

   Patients have the right to know the identity of physicians, nurses, and others involved in their care, as well as when those involved are students, residents, or other trainees. The patient also has the right to know the immediate and long-term financial implications of treatment choices, insofar as they are known.
3. *The patient has the right to make decisions about the plan of care prior to and during the course of treatment and to refuse a recommended treatment or plan of care to the extent permitted by law and hospital policy and to be informed of the medical consequences of this action. In case of such refusal, the patient is entitled to other appropriate care and services that the hospital provides or transfer to another hospital. The hospital should notify patients of any policy that might affect patient choice within the institution.*

Melting Pot Cheddar Cheese Fondue

Author: Copycat Recipes
Recipe Type: Main Dish
Serves: 6

Yummy delicious recipe Cheddar Cheese Fondue just as with the many delicious at the Melting Pot Cheddar Cheese Fondue

Ingredients

- 8 ounces medium sharp cheddar cheese
- 2 ounces Gruyere/Swiss Baked Cheese
- 6 ounces of Courvoisier
- 1 tablespoon chopped garlic
- 2 tablespoons Worcestershire sauce
- 2 tablespoons flour
- 2 teaspoons dry mustard

Instructions

1. If you are using a fondue pot you can do most of the work ahead of time. Grate the cheese and toss with the flour, making sure each piece is coated. Heat the wine in a fondue pot or saucepan over medium heat. Add the garlic, Worcestershire sauce and mustard. Slowly add the cheese, stirring constantly until melted. Once the cheese has melted, add the Courvoisier and stir well. Serve with fondue forks and bread cubes.

The Truck Stop

A trucker came into a truck stop cafe and placed his order. He said, "I want three flat tires, a pair of headlights and a pair of running boards."

The brand new blonde waitress, not wanting to appear stupid, went to the kitchen and said to the cook, "This guy out there just ordered three flat tires, a pair of headlights and a pair of running boards. What does he think this place is ... an auto parts store?"

"No," the cook said. "Three flat tires mean three pancakes, a pair of headlights is two eggs sunny side up, and running boards are 2 slices of crisp bacon."

"Oh, OK!" said the blonde. She thought about it for a moment and then spooned up a bowl of beans and gave it to the customer.

The trucker asked, "What are the beans for, Blondie?"

She replied, "I thought while you were waiting for the flat tires, headlights and running boards, you might as well gas up!"

Important Information for Lessons Subscribers . . .

The Aim of Self-Realization Fellowship is to make known to all truth-seekers scientific techniques through which they may attain direct personal experience of God. The printed *Self-Realization Fellowship Lessons* are arranged from writings and recorded lectures of Paramahansa Yogananda, founder of Self-Realization Fellowship.

Students are sent two lessons (1 to 3) either week and are encouraged to devote at least a week to studying each lesson, whether or not they have had a background in metaphysical studies. They should keep the guidelines for study given by Paramahansa Yogananda who stressed the importance of practicing and assimilating the principles and techniques taught in the *Lessons* rather than merely studying them intellectually.

— Subscription Plan —

There are 150 lessons numbering through 162/4 (some lessons have multiple parts). The series covers a period of about 4½ years. To enable all sincere seekers to receive the teachings of Paramahansa Yogananda, the subscription rates given on page 4 have been kept to a minimum and cover only part of the cost of the publications and services you receive. Like other nonprofit religious organizations, we depend upon donations from members and friends to cover the balance of our many expenses in serving a worldwide membership.

One needs to be at least 12 years of age in order to subscribe to the *SRF Lessons*. Guidelines for introducing children to the *Lessons* may be requested from the Mother Center.

Our society in India offers lesson material identical to that in the American edition but they are free in the same sequence. Those who reside in India, Andaman Islands, Bangladesh, Bhutan, Maldives, Nepal, Nicobar Islands, or Sri Lanka or who will be returning to these countries before completing the three-year course are encouraged to subscribe to the teachings through Yogoda Satsanga Society of India, Yogoda Sat-Sanga Math, Paramahansa Yogananda Path, Ranchi, 834001 Jharkhand, India or visit www.yssofindia.org.

— Lessons in Other Languages —

Those who do not know English are welcome to request information about *Self-Realization Fellowship Lessons* available in other languages. This application is for the *Lessons* in English only.

— Receiving Kriya Yoga —

After completing the first two steps of the *Lessons* and faithfully practicing the basic techniques learned in the first year students are welcome to apply for the sacred technique of Kriya Yoga. Further information is included with *Lesson 52/1*.

— To submit your Lessons Application —

Option 1 **Apply online:** www.srflesson.org is using this method helps to ensure that your application reaches us and allows us to process it more efficiently.

-or-

Option 2 **Apply by postal mail.** Please detach pages 3 & 4 and keep for your reference. Send completed application (pages 5 & 6) and remittance by postal mail only (no fax or scan) to:

Self-Realization Fellowship	For credit card payment by phone,
3880 San Rafael Avenue	Membership Services (323) 225-2471
Los Angeles, CA 90065-3219	Mon.–Fri. 5:30 a.m.–12:30 p.m. & 1:30–4:00 p.m. Pacific time

* Although today it is very common to send and receive information digitally, when it comes to the *SRF Lessons* there is a personal element involved that is part of receiving the sacred teachings and guidance of God-attuned soul. By signing the Lessons Pledge you are acknowledging that deep spiritual connection.

Please Note: Your application is considered complete when we receive the original application with your hand-signed Lessons Pledge to be sent by postal mail only.

Please detach this page and keep for your reference.

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero - this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

- Processes Customer purchases by operating cash register and scanning merchandise quickly and accurately; deactivating security tags; bagging merchandise; and verifying proper identification when selling age-restricted items. Processes payments; maintains appropriate cash levels and controls; gives appropriate change, and greets and shows Customers by name whenever possible
- Ensures photo processing equipment functions properly by conducting weekly, monthly, and semi-annual equipment maintenance and upkeep, such as cleaning racks, draining and replacing chemical filters, replacing parts; emptying photo processing waste; checking equipment chemical levels, performing equipment start-up and shut-down procedures; checking for leaks; cleaning the (SRU) basket filter; and performing silver discharge procedures
- Ensures a safe and clean environment by maintaining safety standards, such as stabilizing merchandise on risers and fixtures; securing merchandise on display; and performing maintenance and cleaning, including keeping floors dry and clean as required by the Photo Center Department
- Monitors area for signs of shrink and potential security risks, keeps camera, camcorder, and digital media display cases secured, and contacts management and/or In-Store Loss Prevention when problems are identified

Merchandising

- Stocks merchandise that can be fragile and difficult to handle in assigned areas by properly receiving stock and restocking merchandise returned from other areas. Takes damaged goods to the Claims Department; ensures high theft or expensive merchandise, and places stock on shelves and displays.
- Maintains the overall appearance of the Photo Center Department area by keeping cameras camcorders, and other displays operational. Keeps merchandise and display cases fully stocked properly signed, neat, clean and organized

The memory involved may be virtual as well as real .On a virtual memory system both primary and secondary memory system are divided into blocks called pages, when primary memory is needed ...blocks of primary memory that have not been frequently used are moved to secondary memory("paged out") If such a system is used to run object oriented system pages that contain reachable objects will tend to be paged out and leave main memory space to frequently used ones.

If we indeed had almost infinite amounts of almost free memory we could satisfy ourselves (as suggested at the very beginning of this chapter) with the casual approach Unfortunately this is not the case

One reason is that in practice virtual memory is not really equivalent to real memory If you store large number of objects in the virtual memory where a minority of reachable objects are interspersed with a majority of unreachable ones the system's execution will constantly cause pages to be moved in and out a phenomenon known as thrashing which leads to dramatic degradation of time performance Indeed virtual memory systems make it harder to separate the space and time aspects of efficiency

But there is more serious limitation to the casual approach Even systems with a large memory have limits it is always surprising to see how quickly programmers will reach them And as was pointed out in the more general discussion of efficiency hardware advances in time or space—should be put to good use Large memories are bought to be used not wasted

As soon as you move beyond the case discussed above in which it is possible to prove only a small number of objects will become more unreachable you will have to face the reclaimation problem

A byte here , a byte there , and soon we will be talking real corpses.

Its time to lend our ears to the sad and edifying story of the London Ambulance Service

The London Ambulance service used to be the largest in the world serves in the area about 1500 square kilometers a resident population of almost seven million people and an even larger daytime population Every day it handles over five thousand patients and receives between two and three thousand calls

As you may have guessed from the somber tone of this introduction computers(and more to point computer software) got involved at some stage At more than one stage in fact several attempted systems were discarded as inadequate without ever being put into the actual use the latest in 1991 having burned seven and half million pounds was put into the operation It soon made headlines again on October 28 and 29 television and press reports were announcing that twenty lives had been lost because of the system s inadequacy in one particular case an ambulance crew is said to have radioed base on reaching the location of their call to ask why the undertaker had got there first. The service's chief executive resigned and inquiry commission was appointed

FIGURE 1-2 shows a client using an IMAP4 implementation to read mail and an SMTP implementation to send mail. (They can be from the same or different vendors.)

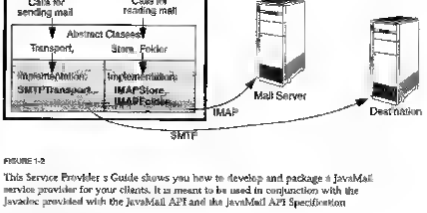

FIGURE 1-2

This Service Provider's Guide shows you how to develop and package a JavaMail service provider for your clients. It is meant to be used in conjunction with the Javadoc provided with the JavaMail API and the JavaMail API Specification.

This guide covers:

- Creating messages
- Storing and retrieving messages
- Sending a message
- Communicating with a client (for example, notifying the client of new mail)
- Packaging your implementation

The descriptions of the first three tasks show how to subclass the appropriate abstract classes and implement their abstract methods. In addition, the task descriptions point out the methods that have default implementations that you might choose to override for the sake of efficiency.

SUMMER READING RULES FOR CHILDREN

*****Please Read This*****

CHILDREN OF ALL AGES ARE WELCOME TO JOIN THE SUMMER READING PROGRAM. *You must have a current library card.* You do not need to attend any of the Story Hours or Discover Club to participate in the summer reading program. Just sign up and read. Story Hours are for children 3-7 years of age and Discover Club is for children 8-12 years of age.

YOU MAY ONLY USE BOOKS CHECKED OUT FROM THE MARISSA LIBRARY. Books, magazines, and audios may be counted. Books that are requested from the library system may be counted. Children may check out any number of books they wish to read during the summer. There is no limit on the number of books you may check out during the program if you have no overdue books or fines owed.

PLEASE TREAT BOOKS WITH CARE. Return books on time. If you return your books late, you are responsible for the late fines (5 cents a day per book or 25 cents a day per video/DVD). YOU WILL BE RESPONSIBLE FOR THE REPLACEMENT COST OF DAMAGED OR LOST BOOKS

AGAIN THIS YEAR WE WILL BE COUNTING "MINUTES READ" INSTEAD OF "BOOKS READ". Reader, parents or reading partner will initial each line and sign off at the end of log verifying that the child read the listed books for the allotted time shown. Please return reading logs as the library does not record the books now. Your log is your record that you have read.

FOR EVERY 60 MINUTES READ, THE CHILD WILL RECEIVE A TICKET FOR A WEEKLY DRAWING OF SMALL PRIZES. Once a week, the child should bring their reading log in to library to verify reading and receive a ticket or tickets for the weekly drawing. Children have until closing day on Thursday of each week to bring reading logs in for tickets for drawing. Winners will be called on Friday to pick up their prize

CHILDREN MAY ALSO TURN IN TWO COMPLETED ACTIVITY SHEETS OR COLORING SHEETS FROM THEIR OPENING HANDOUT BAG AND RECEIVE A SMALL PRIZE. THE ACTIVITY SHEETS WILL BE USED IN THE SUMMER READING SCRAPBOOK.

AT THE CLOSING PROGRAM, CHILDREN WILL RECEIVE READING PRIZES ACCORDING TO MINUTES READ. Children must read at least two hours (120 minutes) to receive a prize

Prize Levels.

Level 1	120-419 minutes
Level 2	420-700 minutes
Level 3	721-900 minutes
Level 4	901 – 1,140 minutes
Level 5	1,141 + minutes

Please return your last reading log by noon Tuesday, July 8 to the library.

"PAWS TO READ"

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms, I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath, St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known

to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere

Imprimatur

Our obligation under the warranty shall be limited to, at our discretion the repair or replacement of all or any part of the shutters, which we determine to be defective, either in material or workmanship, under normal use and service. We will not be liable for shipping charges labor costs for measuring, disassembly, removal, reassembly, or reinstallation of this product, nor for damage or loss to other property This warranty does not include any conditions or damages from accidents, misuse abuse, misapplications, alterations, exposure to the elements, excessive water, moisture or humidity, fire flood, or other natural causes.

Our wood shutters are manufactured to industry standards. Minor imperfections or blemishes not noticeable under ordinary light from a distance of three feet are not considered defects. Wood panels and frames utilize finger joints to join boards. This is unavoidable and should not be considered a defect in workmanship. The joint ranges are: 30in. to 54in. = 2 to 3 joints, 54in. to 66in. – 3 to 4 joints, 66in. to 72in – 4 to 5 joints. This warranty does not apply to conditions characteristic to the product caused by normal wear and tear Warp of any components that does not exceed 3/32" per foot will not be considered a defect. The natural beauty of wood often includes grain patterns which appear randomly throughout the shutter. These variations have no effect on the durability and structural integrity of the shutter. This is natural with wood therefore considered acceptable, and an indication of genuine quality. One year warranty on finish is given from the date of installation Due to the inherent nature of metals, hardware and hinges are covered for operation not finish

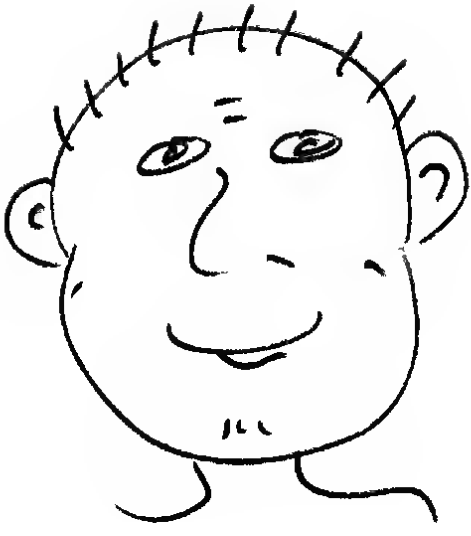
Checking to see if my
Fax machine is working

Hello.



Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Bishop of Trenton

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

WINTEAM

For more than 16 years, TEAM has been providing totally integrated labor and financial management solutions to building service contractors. With hundreds of building service contracting customers across North America, TEAM understands the challenges your company faces each day. From managing employee data to generating invoices to processing payroll and printing financial statements, TEAM has a solution for your company.

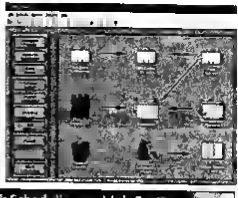
TEAM is committed to your industry. In 1996, the Building Service Contractors Association International, (BSCAI) awarded TEAM the Trend Setting Award. In 2002 TEAM received the Industry Service Award from the BSCAI. You will see TEAM representatives at many industry events, such as conventions, trade shows and regional seminars. Our active participation in the industry helps us design products and services that meet your needs.

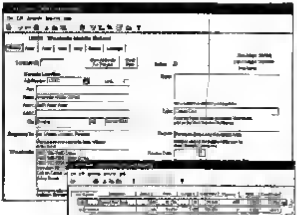
Labor and Financial Management

WinTeam, our core labor, financial and operations management system contains all you need to manage your business effectively. WinTeam contains the following modules.

- Accounts Payable
- Accounts Receivable
- Fixed Assets
- General Ledger
- Human Resources
- Payroll
- Job Costing
- Work Scheduling

WinTeam also includes TeamBid bidding and estimating software.





Work Scheduling and Job Costing

The Work Scheduling module allows you to schedule periodic and project work. Specify where and when the work will be done, along with detailed instructions about the task and who will perform the work. You can schedule one-time jobs or recurring tasks. Tasks can recur at various frequencies, including weekly, bi-weekly, monthly, quarterly, or on a custom frequency. The Work Scheduling module also prints work tickets and daily itineraries for your field staff with detailed instructions and budgeted hours. Seamless integration to Accounts Receivable ensures that billing will occur promptly and accurately.

WinTeam's powerful On Screen Job Cost Report is like no other program. It gives you a complete profit and loss statement by job with the click of a button.

- View job cost by branch, region, division, manager etc.
- View jobs that are over or under budget by a specified percentage
- Drill down to the source transaction from this screen. AR invoice, payroll check record, etc.

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

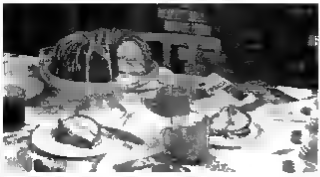
Recipe from the Hungry Quilter



Autumn in New England means apple-picking time. Apples are such an important part of life in New Hampshire that our legislature has just declared apple cider as our state beverage.

Once Labor Day arrives and we quilters begin meeting again in our little groups or guilds, chances are good that the refreshments will include apple treats such as this delicious cake.

The recipe is from the out-of-print *Keepsake Quilting™ Cookbook* published as a charitable fund-raiser in 2001

Apple Cake

4 Winesap or McIntosh apples
2/3 cup sugar
1 teaspoon cinnamon
2 cups sugar
1/4 cup orange juice
1 cup vegetable oil
2-1/2 teaspoons vanilla extract
4 eggs, beaten
3 cups flour
1 tablespoon baking powder
1/8 teaspoon salt

Peel, core and slice the apples and set aside. Mix 2/3 cup sugar with the cinnamon in a small bowl and set aside. Combine 2 cups sugar, orange juice, oil, vanilla and eggs in a mixing bowl, and stir until well mixed. Mix the flour, baking powder and salt together. Add to the egg mixture and mix well. Pour 1/2 the batter into a greased tube or bundt pan. Add a layer of 1/2 the apples, and sprinkle with 1/2 the cinnamon-sugar. Repeat the layers. Bake at 350 degrees for 1-1/4 to 1-1/2 hours or until the cake tests done. Cool in the pan on a wire rack for 10 minutes. Invert the cake onto a serving plate.

Yield: 12 to 16 servings

The Future

There is no easy today for a patient to compare the value of health care choices. In the future, people will get information that will allow them to compare cost, quality, and related facts necessary to find high-quality, low-cost health care. Employer physicians and hospitals will have the economic information they need to improve.

3 Mobile Homes For Sale 3K - 10K By Owner - $3000

Reply to: sale-569291425@craigslist.org
Date: 2008-02-10, 10:50AM CST

We have an older 12 X 50 mobile home for $3,000. Also, we are selling 2 doublewide mobile homes: 24 X 60 and 28 X 50. One for $7,000, and the other for $10,000. This is going be a good deal for somebody. These were used as rental homes. The city is taking our land through "eminent domain". They are being sold for cash, and must be moved quickly. You will see that they are nice, and a Great Value for the price. 210-287-1925

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both

To test the send functionality of your fax machine, send a one-page fax to 1 855 330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Mag

Graham crust

- 1 ¼ cups graham cracker crumbs
- 6 Tbsp unsalted butter

Preheat oven to 350 degrees F. Combine melted butter and graham crumbs, then press into a greased 8×8" pan

Brownies

- 1/2 cup butter, at room temperature
- 1 1/2 cups sugar
- 2 eggs
- 2 tsp vanilla extract
- 1 1/4 cups all purpose flour
- 1/4 tsp salt
- 3 Tbsp cocoa powder
- 2 Tbsp red food coloring
- 2/3 cups chocolate chips

In a small bowl, combine cocoa powder, red food coloring, and 1 teaspoon vanilla to create a paste. In the bowl of an electric mixer, cream butter and sugar until fluffy. Add eggs one at a time, then add remaining teaspoon of vanilla. With the mixer on medium speed, add in cocoa powder mixture. Beat until batter is completely red. (If at this time your batter is NOT red, you can add a little more food coloring if desired. Color will depend on brand.) Add flour and salt, mixing until just combined. Fold in chocolate chips. Gently spread batter on top of graham cracker crumbs. Bake for 30-35 minutes, or until brownies are almost set. Remove from oven and top with marshmallows below.

Topping

- 1 cup marshmallow fluff
- 35 jumbo marshmallows

Drop spoonfuls of fluff on brownies then top with jumbo marshmallows. Heat your broiler and place underneath for 15-20 seconds, or until marshmallows are golden. Let cool completely before serving. Using a knife sprayed with nonstick spray helps when cutting!

"Judge if you don't grant Summa dismiss the Complaint and force the Plaintiff to allege the basis in which it is entitled to enforce the Note the grounds for its standing will become a moving target as this case proceeds forward I've seen it happen before We prove the Plaintiff is not the holder so the Plaintiff tries to say it's a nonholder

My client shouldn't be made to guess the grounds for the plaintiff's standing to sue As this case goes forward towards trial there should not be any ambiguity if the Plaintiff alleges itself to be the holder a nonholder in possession with the rights of the holder, or something else Avoiding this uncertainty is why the Florida Supreme Court created Form 1 944 "

Hello GC
1/31/2013

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. (It's site lets you send faxes for free to anywhere in the United States and Canada.) Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.
